I dreamed the Plandemic was over.

All of the so-called COVID-19 “vaccines” (genetic-modification agents) were pulled off the market because of the millions of deaths and horrific injuries they were directly causing. The evidence was so overwhelming, even the do-nothing politicians and corrupt health agencies couldn’t ignore it any more.

With the “vaccines” gone, the vaccine mandates and vaccine “passports” went out the window too. So did the useless lockdowns, the ridiculous disease-causing masks, and the social distancing, all of which had zero basis in scientific fact.

All people who lost their jobs because they had refused the clot-shots were offered their jobs back, with full back-pay and an official apology from their employers. Many of these employers knew how destructive the “vaccines” were all along. Many others had been duped by the complicit Mainstream Media’s propaganda campaign on behalf of Big Pharma. But that did not spare any of the employers from tens of thousands of lawsuits filed by those whose lives and livelihoods they had destroyed.

The companies that manufactured the extremely dangerous genetic “vaccines”—Pfizer, Moderna, Johnson & Johnson, AstraZeneca, and others—were hit with trillions of dollars in lawsuits because it was abundantly proven that they knew all about the potential “side effects” of the genetic cocktails well in advance and concealed this information from the public, with the collusion of governments and the media.

All of these “vaccine” companies went bankrupt and were on the verge of extinction. Cheap, highly effective remedies to treat COVID-19 and coronavirus illness were being widely prescribed at U.S. hospitals and clinics, with full health-insurance coverage. These medicines have been used in many countries around the world to effectively prevent and cure covid infection.

This development is what the profit-hungry vaccine companies feared most. It helped put them out of business.

The official U.S. death toll for COVID-19 quickly went down to zero, as it should have been all along.

People in every nation under the “New Normal” tyranny rose up and threw off their shackles. Hundreds of millions of very angry people found out how their governments and prostitute media had been lying to them about the virus, the “vaccines”, the fraudulent PCR test which gives up to 97% false-positives, the vastly inflated death counts, and the basically harmless new variants turned into “scariants” by the whore media. People scratched their heads and wondered how they could have ever fallen for the hoax, involving a respiratory virus less deadly than the seasonal flu.

ENRAGED, millions of people took to the streets, cornering the cowardly, paid-off politicians who had allowed the scam to continue for so long. Thousands of politicians resigned, including heads of state. Others went into hiding. Citizens’ arrests were legally made by Citizen Posses deputized by sheriffs or other authorities.

The Nuremberg 2.0 trial was underway. The criminals were in the dock—Anthony Fauci, Bill Gates, Rochelle Walensky, Tedros Adhanom Ghebreyesus, Joseph Biden, Klaus Schwab, Jacinda Ardern, Scott Morrison, Alexander Schallenberg, Justin Trudeau, censors Mark Zuckerberg and Jack Dorsey, and many others faced long prison sentences and possibly execution for their crimes against humanity.

The globalist puppet masters who pulled the strings for these front-men—longtime advocates of depopulation and One World Government—were also being identified, rounded up, and arrested. The trial was being broadcast on television every day, so that the world could see how it had been tricked and deceived by these criminals and mass murderers into obeying the diktats of a fake pandemic that destroyed the middle class, wiped out countless small businesses, drove millions into poverty, hunger, and suicide, and prevented locked-down individuals from getting exercise or badly-needed medical attention.

“The Real Anthony Fauci,” Robert F. Kennedy Jr.’s book, was an international bestseller, selling more copies in a single year than any other book in history, despite getting no reviews from the corrupt New York Times, Washington Post, Wall Street Journal, Times of London, and other Big Pharma mouthpieces.

“The Real Bill Gates”—RFK Jr.’s sequel exposé, was selling briskly around the world. This well-documented blockbuster exposed the massive crimes of serial killer/psychopath Bill Gates, the vaccine-fanatic who foisted the *Plandemic* on the world in collusion with his cronies. Gates was busy writing a self-defensive memoir while in custody during the trial.

People who had been tricked or coerced into getting the wholly unnecessary kill-shots now realized the grave harm that had been done to them and the insanity of getting “boosters”. They formed support groups and investigated ways to strengthen their immune systems, to rid vaccine-induced toxins from their bodies, and to reduce the odds of adverse side effects down the road. Unfortunately, many of them died anyway from micro-clots, Antibody-Dependent Enhancement, and other effects of the killer “vaccines”.

Many of these vaccine victims—suffering from paralysis, nonstop convulsions, spinal damage, permanent vision loss, low blood platelet count, heart inflammation, multi-organ system failure, and other conditions—were allowed to tell their personal stories on television. Talk-show hosts on “The View” and elsewhere oozed sympathy toward the vaccine victims in an effort to regain their alienated and awakened fan-base, but without much success. People everywhere were awakened, not “woke”.

Hollywood and pop-music celebrities who had condemned the unvaccinated mostly went silent. Their ratings crashed through the floor as people boycotted their movies and albums, sending the entertainment/media/propaganda complex into a financial tailspin.

Donald Trump, who proudly boasted about the genetic “vaccines” he hazardously rolled out as President under *Operation Warp Speed*, finally came out against the kill-shots, blaming his advisers and Fauci for duping him. Trump did not seek re-election due to his declining popularity.
