Dear Global Research Member and Newsletter Subscriber

The Center for Research on Globalization (CRG) needs your support to continue its tireless efforts in promoting and distributing alternative news and in-depth research on important national and international issues.

We have currently more than 7000 Newsletter subscribers. In May, Global Research had close to 1.4 million visits for the entire month. However, only a small number of readers have contributed to Global Research or have become members.

To maintain our independence, the CRG *does not take money from private or public foundations*. Without the support of readers, the CRG cannot maintain its operations or provide you with a venue for alternative, independent news.

If you use Global Research for news, alternative views, or as an academic source, please make a *donation of your choice* today. If you are unable to make a donation, you can assist us by forwarding Global Research articles and/or posting them on blog site and internet forums.

Thank you for supporting us,

Michel Chossudovsky
