“A Nation of Sheep will be ruled by Wolves.”

The Club of Rome, created in 1968, issued in 1991 its second “world-reaching” report, **“The First Global Revolution”**. See [this](#).

Its preamble says,

“Ah Love! Could Thou and I with faith conspire,
To grasp this sorry scheme of things entire,
Would not we shatter it to bits and then,
Remould it nearer to our heart’s desire.”

—Edward Fitzgerald, the Rubaiyat of Omar Khayyam (Rubáiyát of Omar Khayyám is the title that Edward Fitzgerald gave to his 1859 translation from Persian to English of a selection of quatrains [4-line poem] attributed to Omar Khayyam, dubbed “the Astronomer-Poet of Persia”.)

At the end of the Foreword, there is another remarkable quote:

“No generation has ever liked its prophets, least of all, those who point out the consequences of bad judgement and lack of foresight.

The Club of Rome can take pride of the fact that it has been unpopular for the last

twenty years. I hope it will continue for many years to come spell out the unpalatable facts and to unsettle the conscience of the smug and the apathetic.”

—(late) Prince Philip, Duke of Edinburgh, Message to the Delegates at the Twentieth Anniversary Conference of the Club of Rome, Paris, 1988

And another one highlighted in the text:

“The Cult of Sovereignty has become mankind’s major religion. Its God demands Human Sacrifice.” – Arnold Toynbee, British Historian and Philosopher

This is the tenor of the book throughout its 160 pages. It is spiked with arrogance and superiority. Together with its precursor, “Limits to Growth”, it promotes eugenics and is as of this day and beyond – if we let it – **the blueprint for the WEF’s Great Reset and the UN Agenda 2030.**

Together, **these two reports promote, or rather dictate Destruction for Building Back Better** (remember the never explained slogan of the neocons?), and eugenics. These are the top priorities under which humanity is living and suffering today.

That is why wars are supported over peace, why people have to be tricked into believing in uncountable and unpredictable pandemics – all on the horizon, like “Disease “X “ – and of course, do not worry, vaccines are on the drawing board, the mRNA kinds that modify your genes, so you become a better human being – code for “so you perish faster”.

Remember the slogan on top: **“A Nation of Sheep will be ruled by Wolves.”** For God’s sake – Let us stop being sheep.

What we are living these days. Weeks, months – and over at least the past 4 years, in ever-accelerating pace – is precisely the agenda, the dictate of the Club of Rome (CoR). **Destruction is the name of the game.**

Starting with the West, that includes, destruction of our economy, industry, infrastructure, agriculture – the very food we need to survive – services, health care, legal systems, ethics, faith, hope – and, finally humanity itself. We are now some 8 billion – they want us down to below 1 billion.

When we see doom – the cabal’s boots can complete its stampede.

Destruction - Initiated by France’s Macron?

A few days ago, France’s President Macron said openly and without remorse, **“There are no limits to support for Ukraine”. He added, “France should abide by no limits or Russian “Red Line”, when it comes to backing Kiev.”**

This is strong stuff. A provocation for Russia without precedence. Macron already earlier said, that sending NATO troops (French) to Ukraine was indeed an option.

This is putting the finger on the trigger for a nuclear blast. If it is not clear yet to the arrogant Washington puppets, Russia’s Red Line does not disappear because Mr. Macron says so. Russia’s nuclear arsenal is way superior to that of the US, which is stationed as

NATO throughout Europe and Asia, pointing its nuclear warhead missiles towards Moscow.

If destruction must be, Mr. Macron, it will indeed be Europe again, the third time in just over a hundred years. Europe, and probably way beyond. This time, nobody can even imagine the extent of destruction – and the cost in human lives. And it may be too late for the western “elites” – masterminds of disaster – to run to their bunkers.

Former Russian president and current deputy head of the National Security Council, **Dmitry Medvedev**, posted on “X” (former Twitter) that this means “*Russia has no more red lines left for France.*” He added “*everything is allowed against enemies.*” Here, the enemy being France and all those dragged along by French arrogance.

French European Parliamentarian, **Florian Philippot**, leader of the French Patriots Party, urged the French to impeach Macron before they are sent to die in Ukraine.

“It is up to every Frenchman to resist, for every mother to refuse to let her son die for Kiev, NATO and Blackrock,” Philippot said on “X”. “It’s up to us to fight to leave the EU and NATO and throw Macron out!”

See [this](#).

Never before has a European, so-called “leader”, made such stern and provocative pronouncements, not even Macron. Who gave him orders to do so *NOW*? **WHO GAVE HIM ORDERS?**

Will he send officially French (NATO) troops to Ukraine? Thereby crossing Mr. Putin’s Red Line and provoking whatever Russia finds is necessary to protect her integrity, her land, and her people? It could be a nuclear - all destructive conflict. That is what many analysts predict and fear.

Is that what the power behind France and behind the dark cabal wants – a total destruction – which would also serve the depopulation agenda?

Maybe. Perhaps 2024 is the time.

The leader of the French Republican Party (The Gaullists), **Eric Ciotti**, is more prudent, saying supporting Ukraine by sending troops would be “*irresponsible and dangerous,*”.

Let us TRUST that humanity will find sanity, and rather depose Macron than follow his unthinkably dangerous advice and words and – God knows – deeds.

Moscow is alert. On a lower key, Moscow warns that NATO is becoming increasingly aggressive.

The plan is an engineered destruction of humanity?

Carrying out the Club of Rome’s mandate?

Mind you – the elite is not planning to self-destruct, of course not. Before total annihilation, they hope to seek rescue in their bunkers, wherever they are, maybe in a remote island of Hawaii, in New Zealand or simply in South Dakota – see [this](#).

President Joe Biden’s State of the Union Address of 9 March 2024 is another

disastrous message for total destruction, annihilation of civilization if he has his way. But he will not.

A “normal” State of the Union Address is about the United States, it is about the “State” of affairs of the nation, of the economy, of jobs, of growth and growth potential – about forecasts, development perspectives. It is a message of foresight, supposed to give people hope – to let them know their government plans to improve shortcomings. Nothing of that happened.

The first 20 minutes of the speech were dedicated to Ukraine alone - smashing President Putin and Russia, and

“We shall never abandon you Ukraine! We will always stand behind you.”

Promising sending another 90 billion dollars to the Ukrainian oligarchs. Taxpayers money, for zilch. Biden knows it. The US Congress knows it. Everybody knows it. This war is NEVER winnable against Russia. And why should it be?

Other than having prepared and started it – compliments of Madame Victoria Nuland [f*ck Europe], now gone, thanks God; a more than 10-billion-dollar preparation project – what remaining interest does the US have in fighting a proxy war some 10,000 km away, across the Atlantic and Europe? Certainly not *National Security*.

Boosting the profit margins of the Military Industrial Complex for sure is a good reason, and achieving “regime change” in Russia. Madame Nuland’s admitting words in an interview to CNN’s Christiane Amanpour, just days before her forced resignation.

Yes, it has always been about bringing Russia to the knees of the Washington wannabe Emperor, with a Russian puppet leader. They thought they had achieved their target in 1991, with then President Yeltsin, who was smarter than given credit for – when he introduced Mr. Vladimir Putin, appointing him in August 1999, as Prime Minister. It was clear that President Yeltsin was preparing Mr. Putin for the Kremlin. So much for defeating the West’s sneaky ways to subdue Russia.

Mr. Biden’s speech was also a rant against Republicans. Right at the beginning he compared former President Trump, his only opponent in the (still) planned November 2024 elections – to Hitler. That is what he called Donald Trump. This man, Biden, has zero decency. His face expressed anger throughout – he yelled and ranted. And, guess what – he got standing ovations. That speaks volumes for the State of the Union of the United States.

See this for the full speech:

Tucker Carlson responding to Joe Biden’s State of the Union Address said it was the United States’ worst ever State of the Union Address. In addition to describing the crime the US – the west – was financing in Ukraine, Tucker Carlson pointed to other destructive measures Biden promoted like transhumanism, and free abortion, in other words the Soros-funded Woke agenda – **which doesn’t even hide its population reduction objective.**

Illegal immigrants. Tucker Carlson also talked about Biden’s insane open-borders policy, bringing illegals into the US, even by plane loads, giving them shelter, food, debit cards never to be paid back [see video below] – mostly young men that could and are expected to

serve in the US army.

Why would Biden do that?

These immigrants have zero allegiance to the US – and should serve in the US army?

Perhaps against the American people – during a provoked uprising?

See this for Tucker’s full analysis (9 March 2024):

“Illegal” immigrants are directly flown into the United States, the Biden Administration openly admits. So far, the official figure points to 320,000. The official reason is indeed, to make up for the military recruitment shortcomings.

The real reason is certainly somewhere else. Immigrants, especially when they come in masses, are always a disruption in the society they enter. It is the same in Europe, and Europe’s policy is not much different from that of the US. It is very much *coordinated*.

See [this](#) and [this](#) (14 min video “Redacted” of 7 March 2024).

In an interview with Tucker Carlson, Col. MacGregor warns about the plan to recruit illegals into the US military. Tucker said that Rome fell because foreigners who were not loyal to Rome populated its military and they turned on the people of Rome. For the same reason, retired Army Colonel Douglas Macgregor warned Americans against allowing illegal aliens to serve in the armed forces. See [this](#) (video 7 min – 4 March 2024).

Indeed, disrupting society. But why? Creating internal conflict, internal strife – maybe civil war? It is a means of destruction and the victims are the immigrants who are dreaming of a better world. Instead, they are being used for the Club of Rome’s precept of DESTRUCTION – to eventually rebuilding according to the elite’s desire.

These are just a few examples of the planned and engineered destruction – exactly as foreseen under the Club of Rome’s edicts.

People wake up. What happens in the US is already happening in a different, perhaps less visible version in Europe.

Stop being Nations of Sheep being ruled by Wolves.
