The U.S.'news' media are so censored and controlled, so that even America's 'media watchdog' organizations — [mediamatters.org](#) and [fair.org](#) on the left; and [aim.org](#) and [mrc.org](#) on the right — have hidden from the American public President Barack Obama's Ukrainian [coup](#) in February 2014 that [violently](#) overthrew Ukraine's democratically elected President and replaced him with a [Ukrainian nazi \(racist-fascist\) rabidly eliminationist anti-Russian, police-state regime](#) in Kiev, which, ever since America's coup there, has been [ethnically cleansing](#) the Ukrainian [Donbass region that had voted 90% for the man, Viktor Yanukovych](#), whom the Obama Administration overthrew.

None of this is reported in the U.S. 'news' media — and America's 'media watchdog' organizations hide the media's hiding of [it](#), though these events could bring on a [nuclear war with Russia](#), which is America's real target in Ukraine, right next door to Russia.

On 14 January 2015, I headlined ["The Most-Censored News Story of 2014 Was What...?"](#) and reported that, after an investigation, I had found that, by far, the most-censored news story of 2014 in America was Obama's coup and U.S.-supported ethnic-cleansing in Ukraine. Links were provided there to videos of the the [U.S.-backed](#) massacre in the Trade Unions Building in Odessa [on 2 May 2014](#), and the following [ethnic cleansing in the Donbass region](#). However, the U.S. even [sponsors firebombings of Donbass in order to get rid of the residents there](#), and our 'media watchdogs' are even silent about the 'news' being silent about that. And, [here](#) is a good video of America's Ukrainian coup, which overthrew Yanukovych. [Here](#) is more about that [coup](#).

America is trying to [conquer Russia](#), and the [placement of nuclear missiles right next door to Russia, in Ukraine](#) seems to be Obama's objective. America's 'news' media, and their 'watchdogs,' are doing a terrific job of hiding all of this from the American people. They wouldn't do that if these events weren't enormously important to the American aristocracy, who, it seems, have bought up all of the major mainstream and alternative news media. Scandals far less important than this ongoing one are routinely receiving much attention from the American press. However, even America's 'media watchdogs' ignore this scandal of America's press. Thus, there aren't peace-marches and other public demonstrations about this, even though America's [bringing nazis to power in Ukraine is shocking](#). But you can find out all about it by clicking on the links here, and on the links within those linked-to news reports. It's all history now, which was unfortunately never reported by U.S. media while it was still very hot and bloody news.
