GR Editor's Note

With regard to the coverage of the Wednesday Capitol Event, Global Research will be publishing opposing and contradictory points of view by several of our authors.

We are dealing with a complex and far-reaching political process. We are at the crossroads of a major political, economic and social crisis which has bearing on the future of the United States. This crisis must be the object of debate and analysis rather than confrontation of opposing political narratives.

America's road to hell is paved with diabolical intentions.

9/11 changed everything — followed last year by unleashing The Great Reset war on humanity (sponsored by the World Economic Forum) and Wednesday, January orchestrated Capitol Hill violence that climactically ended Trump's challenge to stolen US Election 2020.

The above comprise America's holy trinity of actions on a path toward full-blown tyranny.

Last year may have been a test to see how far US "dark forces" could push Americans to sacrifice fundamental freedoms voluntarily.

A year ago, whoever could have imagined what was about to unfold — based on Big Lies and mass deception.

Who would have thought we'd sacrifice our fundamental right of free movement and assembly, the right to work unobstructed, to travel, enjoy eating out, attend sporting events, the theater, movie theaters, and be involved in other public activities?

Imagine how much worse things may get in the new year.

Will its climax be voluntary acceptance of full-blown tyranny — masquerading as protecting and preserving health, well-being and safety to be lost if dark forces achieve their aims.

We're lied to with headlines like the following on January 7:

"US counts record of almost 4,000 COVID-19 deaths in a day as virus continues to wreak havoc (sic)."

These deaths, if accurate in number, were from seasonal flu/influenza, perhaps pneumonia, and/or related illnesses — not covid.

Individuals succumbing are largely elderly, infirm, likely with other health issues, and weakened immune systems.

Headlines like the about are part of a diabolical, state-sponsored fear-mongering campaign.

They're all about wanting us to voluntarily sacrifice vital freedoms to a higher power — hostile to our health and well-being at the same time.

Wednesday night Capitol Hill violence was likely orchestrated to elevate Biden/Harris to power by ending the Trump-led GOP challenge.

It had earmarks of a well-planned false flag by US dark forces.

It appears that hostile-to-Trump elements infiltrated largely nonviolent Trump protesters.

They got access to Capitol Hill after police and federal law enforcers opened barricades surrounding it, letting them storm the building to commit violence.

Wrongfully blaming Trump for what happened got him to pledge a smooth transition to Biden/Harris on January 20 — ending his hope for a second term.

It also intimidated most Republicans to go along with what came off with military precision by a superior force against an easily overwhelmed weak one.

Inside Capitol Hill, guards led hostile-to-Trump elements to designated areas.

Instead of preventing violence, Capitol Hill security facilitated it in what appears to have been the climax to a homeland color revolution to end Trump's election challenge by violently quashing it.

It worked as planned when Congress began debating the GOP electoral fraud challenge, ending it violently.

There's a made-in-the USA war ongoing that aims for transformational change to a ruler-serf society, what's untenable if achieved.

It's what the diabolical Great Reset is all about.

We can swim with the tide and lose all rights or resist all-out nonviolently to save them.

At stake is retaining governance as it once was, warts and all, or replacing it with what's intolerable for anyone to accept.

I'm old school in my 9th decade to pass from the scene when my end time comes ahead, my future largely in the past.

Younger generations have most to lose, a land of opportunity I enjoyed growing up — eliminating in plain sight what's fast slipping away.

The nation I grew up in no longer exists.

The one diabolical dark forces plan is a lower level of hell that Dante forgot.

Resist or lose everything, including hope.
