Atrocities must be reported as wide as can be. The globe's population, East and West, North and South, must know what we are living today.

The Zionist-Israeli genocide has no borders, no limits. It is beyond anything Mother Earth has experienced in recent history.

News just in: Israel bombed the largest national hospital in Gaza, leaving at least 500 dead, and more than 600 hundreds injured. The death toll may undoubtedly rise.

This is what *TeleSur* reports (translated from Spanish by *DeepL.com*):

Palestinian Authority President Mahmoud Abbas declared three days of mourning following the Israeli bombing of the Arab National Hospital.

An Israeli bombing killed at least 500 people at a hospital in the Gaza Strip on Tuesday and 600 others were wounded, the health ministry of the Palestinian territory ruled by the Islamic Resistance Movement (Hamas) said.

"The massacre at the Arab National Hospital is unprecedented in our history. While we have witnessed tragedies in past wars and days, what happened tonight is tantamount to genocide," said spokesman Mahmoud Basal.

The communication office of the enclave authorities denounced a "war crime".

In addition, in the 10 days of the totally imbalanced war - at least 3,000 Gazan inhabitants have lost their lives.

A Call on humanity: The world must stand up against these crimes, genocide no

end, and stop Israel in one way or another NOW.
