The FDA did not approve the vaccines but extended the Emergency Use of the vaccines. They are also trying very hard to have agencies force employers to compel everyone to vaccinate but at the same time leaving themselves as an escape clause which they can return to claiming they never approved the vaccines beyond emergency use.

This is getting really questionable as to why they are forcing vaccines that clearly do not work and **CANNOT** work for as long as COVID exists in animals, it will constantly evolve and mutate just like the seasonal flu that sometimes comes from Birds or even Swine. The real question is **WHY** are we being lied to for what is the real purpose of the vaccines? They obviously do not care about the **Great Unwashed**, they prefer to thin the herd.
