CDC Director, Rochelle Walensky, MD, MPH, for the record, continues to make false claims about the COVID-19 vaccine boosters with the apparent motivation of getting more Americans “fully vaccinated.” This is in the backdrop of an 8.4% rate of Americans over age 5 taking one of them.[i]

No matter how hard the internal pressure is at the CDC to get a “needle in every arm,” what would be such a strong motivation for Walensky to blatantly deceive Americans with such obvious counterfactual information? She states “COVID-19 vaccines may not prevent every infection (as apparent in her personal case), but they do provide use important protection

against severe illness, hospitalization, and death...”

COVID-19 vaccines may not prevent every infection, but they do provide us important protection against severe illness, hospitalization, and death from COVID-19. My updated [#COVID19](#) vaccine helped ensure my immune system was equipped to protect me against severe illness.

CDC recommends that everyone ages 5+ years get an updated [#COVID19](#) vaccine if it has been at least 2 months since your last booster or final primary.

In order for that claim to be valid by US regulations, a COVID-19 vaccine would need to reduce the risk of adjudicated COVID-19 hospitalization and death as a primary endpoint in a prospective, double blind, randomized, placebo-controlled trial. The benefit would need to be meaningful, e.g., ~20% relative risk reduction, and statistically significant, e.g., $p < 0.05$. The conclusive study should have no significant threats to validity such as loss to follow-up. There has been no pivotal randomized trial, and no one can claim COVID-19 vaccines reduce hospitalization and death. The shortest section on the FDA Pfizer Fact Sheet is the “Benefits” section! This is given with the consent form and makes no claims about severity, hospitalization, and death.[ii]

VACCINE INFORMATION FACT SHEET FOR RECIPIENTS AND CAREGIVERS ABOUT COMIRNATY (COVID-19 VACCINE, mRNA), THE PFIZER-BIONTECH COVID-19 VACCINE, AND THE PFIZER-BIONTECH COVID-19 VACCINE, BIVALENT (ORIGINAL AND OMICRON BA.4/BA.5) TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19) FOR USE IN INDIVIDUALS 12 YEARS OF AGE AND OLDER

FOR 12 YEARS OF AGE AND OLDER

WHAT ARE THE BENEFITS OF THESE VACCINES?

COMIRNATY (COVID-19 Vaccine, mRNA) and the Pfizer-BioNTech COVID-19 Vaccine have been **shown to prevent COVID-19**. FDA has authorized Pfizer-BioNTech COVID-19 Vaccine, Bivalent to provide better protection against COVID-19 caused by the Omicron variant of SARS-CoV-2.

The duration of protection against COVID-19 is currently unknown.

An EUA is in effect for the duration of the COVID-19 EUA declaration justifying emergency use of this product, unless terminated or revoked (after which the product may no longer be used).

She goes on to promote a two-month period between the last injection (presumably legacy mRNA) and the new bivalent vaccine. This schedule has never been tested and demonstrated to be safe in human beings. Even more shocking, the bivalent boosters which failed in animal studies to stop Omicron, have never been tested for safety or efficacy in human RCTs with clinical outcomes. In academic medicine and the pharmaceutical regulatory community, the question is WHY does Walensky cross the line into making false claims, an illegal act for fully FDA approved and marketed drugs/vaccines? Only senate or congressional hearings with direct questions will get the truth out of her. Here are some possibilities: 1) she is following orders from higher governmental authorities, 2) she knows the claims are false but truly believes the only way for vaccination to work is to keep everyone vaccinated on a continuous basis no matter what the costs, 3) she is in a form of a trance or psychological state driven by fear in herself and for humanity where COVID-19 vaccination has become like a talisman with special powers and cannot be challenged. Indeed, Walensky has never comprehensively discussed safety of COVID-19 vaccination, and she has not disclosed who should NOT take a COVID-19 vaccine. So, the next time someone in your circles claims you or your loved one should take a COVID-19 vaccine to be "safe" or "protected" from serious outcomes, ask them to take a look at the consent fact sheet and read the tiny benefit section.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic,

explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.
—Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
