Canada will be, arguably already is, totalitarian, and most won't notice.

The jab will kill and injure multitudes more and most won't notice.

The Truth will continue to be rejected.

People will be plugged into cell phones and info streams and reality will continue to be disappeared.

Anti-social distancing and communication disruptors will continue and accelerate.

Screen-time will be increasingly normalized, digital education, digital health care, digital everything will prevail.

The human genome itself will be changed (transhumanism).

People will be increasingly controlled and programmed.

It will happen as it is happening, all in the name of combating an ever-changing “outside enemy”.

Previous freedoms, and inalienable rights will end “not with a bang but a whimper.”
