Both are alleging without providing a speck of evidence that 97% of Covid cases/hospitalizations/deaths are the unvaccinated. This is a total lie.

Information from every country shows that it is the vaccinated who are suffering injuries and deaths.

The “Omicron variant” is being used to create a new wave of public fear and government control over civil liberties and citizens’ bodies—essentially rape with a needle—despite the known fact that the variant is rarely harmful. Hospitals are falsely reported to be full of Omicron patients.

The prostitute media stresses that the more or less harmless variant is highly contagious, and are creating fear out of the ease of catching it. People are urged to protect themselves by taking the jab even though it is a known fact that the Omicron variant is immune to the “vaccine.”

Acquaint yourself with the facts:

In Scotland for August to November 2021 over 85% of deaths were in the vaccinated. Boosters are merely boosting COVID infections. Some 40,000 deaths have occurred in the USA, UK and EU following vaccination but Omicron is mild. The UK Government has manipulated the data to blame the unvaccinated but the vaccinated are at greatest risk.

It was clear from the first cases in South Africa and now in the UK and EU that the new Omicron variant of the coronavirus results in mild disease and very few deaths [not from Covid but] “with COVID”. Indeed South African experts have advised stopping stop-and-trace and quarantining because most of the infected have no symptoms.

More evidence of the failure of vaccines in the face of new infections comes from the USA where one of the largest US outbreaks of the new Omicron variant to date is believed to have occurred at Cornell University in Ithaca, New York, where almost all 930 cases over the past week are believed to be of the variant.

All of the confirmed Omicron cases in the Cornell University case are among people who are fully vaccinated, and some of them are in people who've also had the booster.

The booster is of course more of the same in the hope that the third dose will do what the first two doses were supposed to do! And the new variant, "omicron"?

Most of the Omicron cases in the United States have been among the vaccinated, the Centers for Disease Control and Prevention (CDC) said in an update on Friday 10/12/21. Most patients have experienced mild symptoms.

See [this](#).

When the media of the entire Western World lends itself to blatant lies in order to boost Big Pharma profits, enhance governments' destruction of civil liberty, suppress dissent, and perhaps facilitate a depopulation agenda, the Western World is lost. It is the corrupt Western media that has conspired with governments to destroy freedom and nazify the Western World to the point that Australia has concentration camps for the unvaccinated and Germany and Austria intend to imprison the unvaccinated—all of this for a "vaccine" that all evidence proves beyond any question does not protect against a virus, a virus moreover that has a very low death rate and is easily cured and prevented with HCQ and Ivermectin.

Western peoples need to understand that their enemies are not Russia and China but their own governments and their own "public health" officials. It is these people who are the enemies of mankind.
