“As Far As People Who Ran The Show, It Was The Highest Levels of NATO, the U.S., MI6, CIA And The Pentagon”

Sibel Edmonds has just released her fantastic spy thriller, *The Lone Gladio* (available on [Amazon](#)). [Here's our review](#), comparing it to the best of Clancy or Ludlum ... but with a twist.

In the real world, Edmonds is a former FBI translator who translated terror-related communications for the FBI right after 9/11. In that capacity, she read communications between terrorists and other radicals.

Edmonds has been deemed credible by [the Department of Justice's Inspector General, several senators](#) (free subscription required), and a [coalition of prominent conservative and liberal groups](#).

The ACLU described Edmonds as:

The most gagged person in the history of the United States of America.

Famed Pentagon Papers whistleblower Daniel Ellsberg [says](#) that Edmonds possesses information “*far more explosive than the Pentagon Papers*”. He also [says](#) that the White House has *ordered* the press not to cover Edmonds:

I am confident that there is conversation inside the Government as to ‘How do we deal with Sibel [Edmonds]?’

The first line of defense is to ensure that she doesn't get into the media. I think any outlet that thought of using her materials would go to the government and they would be told “don't touch this”

Even Paul Newman praises Edmonds, saying:

Sibel Edmonds would not let an intimidating FBI shut her mouth, and as a result, suffered grievous consequences, but she has persevered and we are better off for her sacrifices.

Edmonds is the founder and president of the [National Security Whistleblowers Coalition](#), a

group of high-level [national intelligence and security officials](#).

To understand why Edmonds' information is so explosive, we need a little background on "Operation Gladio."

Background: "Operation Gladio"

The former Italian Prime Minister, an Italian judge, and the [former head of Italian counterintelligence](#) admit that [NATO, with the help of the Pentagon and CIA, carried out terror bombings in Italy and other European countries in the 1950s and blamed the communists, in order to rally people's support for their governments in Europe in their fight against communism](#).

As one participant in this formerly-secret program stated: ["You had to attack civilians, people, women, children, innocent people, unknown people far removed from any political game. The reason was quite simple. They were supposed to force these people, the Italian public, to turn to the state to ask for greater security"](#) (and see [this](#)) (Italy and other European countries subject to the terror campaign had joined NATO before the bombings occurred).

This was codenamed "Operation Gladio". And watch [this BBC special](#). And [see this for the big picture background](#).

Operation Gladio Continues to this Day

Edmonds told Washington's Blog that she wrote *The Lone Gladio* because the FBI classified 100% of her previous book, *Classified Woman*. When she found out that she doesn't need to get pre-publication approval for "novels", she decided to write a novel.

So Edmonds decided to write a work of fiction based on the real-life operation- 'Operation Gladio B' - as the context, and with fictional events and characters in the novel *The Lone Gladio*.

[WASHINGTON'S BLOG]: You've previously claimed that Gladio was not terminated with the fall of the Soviet Union, but has continued up until today ... the so-called "Gladio B".

[SIBEL EDMONDS]: Yes. The title "Gladio B" was given by the FBI, because we don't know what they really call it.

NATO, MI6, MIT (the Turkish military and intelligence service), and the Pentagon, also some outside rogue elements connected with Gladio.

[WASHINGTON'S BLOG]: Did you see - when you were still with the FBI - source documents about this so-called "Gladio B"? In *The Lone Gladio*, you have a "fictitious" set of memos that have players from NATO, the U.S. State Department and high-level terrorists meeting together. Did you see documents like that when you were at FBI?

[SIBEL EDMONDS]: Yes. I reviewed over 5,000 documents. Not only from FBI's Washington office. A lot of documents came from FBI's Chicago office. The documents were from the period 1996 through February 2002. There were written documents, and audio translated by FBI translators.

[WASHINGTON'S BLOG]: Were NATO personnel actually mentioned in some of the documents or transcripts you saw as being part of these Gladio B meetings?

[SIBEL EDMONDS]: A number of generals were involved. Both U.S. generals and British generals and other generals involved with NATO. And many recognizable, public names with the U.S. State Department.

Most of this involved people from and State Department and the CIA. These are at the top levels ... you're not going to get operative-level involved with this.

Edmonds explained that the State Department doesn't just deploy "soft power", but is involved in many "hard power" operations, often coordinating through well-known "Non-Governmental Organizations" (NGOs).

Specifically, Edmonds explained that numerous well-known NGOs - which claim to focus on development, birth control, women's rights, fighting oppression and other "magnificent sounding" purposes or seemingly benign issues - act as covers for State Department operations. [[Background](#).] She said that the State Department directly places operatives inside the NGOs.

As one example, Edmonds said that - during the late 90s and early 2000s - perhaps 30-40% of the people working for NGOs operated by George Soros were actually working for the U.S. State Department.

Edmonds also said that Osama Bin Laden - and several other members of his family - were working with U.S. agencies as part of Gladio B right up until 9/11. Edmonds notes that Bin Laden and his family members were helping the West set up terrorist groups in Chechnya up until 9/11.

Edmonds also said that the FBI failed to prosecute any of the criminal activities occurring in the United States as revealed by these documents.

9/11 Was Part of Gladio

Back to our interview ...

[WASHINGTON'S BLOG]: In terms of 9/11, what's your opinion about whether there were *countries* involved, or whether it was rogue Gladio personnel?

[SIBEL EDMONDS]: You have to separate the pawns from the main players. There might have been elements involved within countries: for example Prince Bandar in Saudi Arabia, or Turkish people at the MIT.

But the people who ran the show at the top were NATO and Gladio. And Gladio was under the U.S. It was - and is - an operation under the U.S., for U.S. empire.

As far as people who ran the show, it was the highest levels of NATO, the U.S., MI6, CIA and the Pentagon.

The Goal: Control of Eurasia, Oil and Other Resources

Edmonds says that the entire focus of the U.S. and these related groups is to control the world's resources, such as oil and gas pipelines in Eurasia.

She explained that many of the people in Eurasian region speak Turkic languages. For that reason, Turkey and its intelligence service - MIT - has been a major conduit for Gladio operations. And since a lot of the resources are in former Soviet countries, a lot of Gladio's focus has been in those countries.

Postscript: Edmonds has previously stated that Bin Laden - and his number 2 Al Qaeda lieutenant - Ayman al-Zawahiri - worked with the U.S. government for [3 months AFTER 9/11](#) to coordinate destabilization in the Caucus region.

And she [previously told Washington's Blog](#):

For the past 11 years I have been emphasizing that my State Secrets Privilege & Gag Orders had to do with the FBI files (covering period 1996-2002 February) on **covert-terrorist operations in Caucasus and Central Asia backed, managed and armed by US actors. These US-NATO directed operations in the region involved Bin-Laden and mainly Zawahiri**

The FBI documents contained damning evidence (audio and written) collected between 1996-2002 tying these terror operations directly to the U.S. persons in the State Department/CIA and Pentagon. Also, how the State Department got Congress to grant huge amounts of funds to "front" NGOs and businesses (mainly Turkish companies in US-listed/members of ATC) to funnel money to the terrorist cells in this region.

If you want to hear Edmonds name names, watch [part 1](#) and [part 2](#) of her interview with James Corbett.
