

Final Solution: First Syria, Then Iran

By [Larry Chin](#)

Global Research, February 14, 2012

14 February 2012

Region: [Middle East & North Africa](#)

Theme: [US NATO War Agenda](#)

In-depth Report: [IRAN: THE NEXT WAR?, SYRIA](#)

The multinational New World Order, led by the Anglo-American axis and Israel (spearheaded by the UN), are preparing a final conquest of the Middle East, Central Asia and Africa, with nuclear world war implications.

[Syria](#) and [Iran](#) are being relentlessly destabilized. [CIA operations](#) have been continuous for months and years. Two nations are targeted to fall sequentially, as part of [one agenda](#).

The entire region has been set aflame with covert operations in every imaginable form, from real and false terrorism and assassinations to [CIA/NATO-backed popular revolts](#), and “humanitarian” insurgencies—all ultimately fronting for the forces of the Anglo-American agenda. The Arab League now operates as a [tool of western imperialism](#).

Syria is being set up using a familiar [CIA-MI6 playbook](#), as well as the model [that toppled Libya](#). Muammar Gaddafi was murdered by NATO and [Al-Qaeda](#), the favored weapon of Anglo-American leaders, despite Libyan cooperation with the West for many years. Syrian leaders will likely not be treated with any more kindness than Gaddafi, Saddam Hussein, or scores of others who needed to be “removed”.

The [assassination of Syrian general](#) Issa al-Khouli on the streets of Damascus is just one blatant harbinger of what is to come.

According to the reporting team of [Collapsenet](#), a [Syrian regime change is imminent](#)

Russia, which, along with China, had [previously opposed](#) a Syrian attack in the UN Security Council, has reversed its position—perhaps bought off in yet another eleventh hour back room deal. Militaries of various nations are being positioned for attack.

[Rising oil prices](#), the threat posed by “inconvenient obstacles” in the Middle East, threatens the petroleum-driven world economy, even in the short term, adding to the possibility posed by some observers that Iran may be [attacked by summer 2012](#). Syria falls first.

As complex as the maneuvering and “negotiations” (back room criminal deals) have been, the war map has remained clear since 9/11. The conquest that has been in the works [for decades](#) has proceeded apace, relentlessly, nation after nation destroyed and conquered. What was once unimaginable has been methodically carried out, unabated through Bush/Cheney and Obama administrations; the lies, rhetoric amplified with bellicose fury.

The empire is hell-bent on securing what is necessary to sustain its dying economic and industrial engine, regardless of how many lives are taken in the process.
