Dr. Joseph Ladapo on why he’s calling to halt mRNA COVID vaccines:

‘It’s Absolutely the Correct Call’

“It’s a great thing that our cells are usually very resistant to the entry of foreign DNA. The problem here is that the other innovation that led to the receipt of the Nobel Prize recently. Is this thing called lipid nanoparticles...My belief is that it’s profoundly reckless to introduce something like lipid nanoparticles in the presence of contaminating DNA, that is almost certainly entering human cells and not do proper testing to ensure that there is no integration into human DNA, into our human genome...In the case of Pfizer, this is actually a special risk because they have been found, and this has been confirmed...Their vaccine has been found to have fragments of the SV40 promoter enhancer region

Could foreign DNA enter your cells through the mRNA COVID vax and change your DNA — and humanity itself — forever? Sounds nutty. It's not. "Absolutely that could happen," says Dr. Joseph Ladapo, the surgeon general of Florida. A shocking conversation. pic.twitter.com/Yvt38eStPf

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock

upon which to sustain our fight. –Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.
—Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. –Edward Curtin
