An alleged plot to kill Her Majesty the Queen was uncovered barely 2 days before the Remembrance Day celebrations.

Four suspected Islamic terrorists were arrested by police for having put together a carefully designed plot to kill Queen Elizabeth II.

A scanty yet authoritative police report was made public in a timely fashion on Friday, two days before the Remembrance Day celebrations.

The British media is rife with fabrications and innuendoes. The contents of the police reports were distorted by the media. This carefully designed plot to stab Her Majesty with a knife hit the headlines of the weekend editions of London's major tabloids, coinciding with the Remembrance Day Event.

No substantive details regarding the terror plot were released. The stabbing of Queen Elizabeth was slated to take place at the Royal Albert Hall on Saturday, according to the Sun.

How was the alleged killer equipped with a knife going to break through the security and police barriers and approach Her Majesty? The British media did not take the trouble to investigate the circumstances of this alleged plot against the Queen.

The terror plot had apparently been foiled by London's police force. According to the London Sun, "An alleged plot to kill the Queen of England was foiled by British police, it was reported Friday. Four Islamic terror suspects had hatched a murderous plan to stab the 88-year-old monarch".

-

-
MI5 had provided relevant information. "The cops got wind of the alleged plot"

-
While the plot consisted in killing Queen Elizabeth with a knife, police authorities also confirmed that the suspects had access to firearms. No evidence of "weapons of mass destruction" was provided.

-
According to [the Daily Mail](#), the four suspects had been under observation for several months and were known to police investigators. Yet they chose to undertake the arrests ahead of the Sunday commemorations.

-
According to Scotland Yard, the arrests were related to "Islamist related terrorism".

Confirmed by the police reports, the alleged terrorists were supporters of the Islamic State (ISIL) and had been called upon to extend the holy jihad to Western Europe.

Lest we forget the Islamic State (ISIS) is a creation of US intelligence, supported and financed out of Qatar and Saudi Arabia. Since the outset of the war in Syria in March 2011, US-NATO and their allies have been supporting the terror brigades.

The Sun was the first paper to report that the Queen was the target, “claiming four jihadists hatched a plot to stab her to death at a ceremony marking Remembrance Day.”

Was the plot to kill the Queen fabricated by The Sun? It was not contained in the police reports. Was the Prime Minister’s office contacted by The Sun?

Did the Cameron government give the “green light” to The Sun’s media spin? Was the Queen advised?

No quotations or statement by police authorities were mentioned to substantiate The Sun’s claims. The lies of MI5 and Scotland Yard were amplified by the British media. And once The Sun had pointed to an alleged plot to kill the Queen, the other British tabloids did not want to be left out; with the exception of the BBC they joined the bandwagon.

“The story of the alleged plot against her is growing despite no police mention of her as an intended victim. In fact, the Daily Mail [reported](#) that she was a target but in the same story wrote that “police would not discuss whether the suspects had a specific target.” (Digital Journal, November 9, 2014)

On Sunday November 9, the London tabloids went into overdrive. It was not only the Queen who was the target, allegedly the lives of several members of the royal family including Kate Middleton were threatened by the Islamists:

Four men have been arrested in Britain, as they planned a knife attack on the United Kingdom’s monarch. The police have admitted that four men were preparing for terrorist acts. The men were targeting any members of the royal family, in particular **Queen Elizabeth II**, with the thugs hoping to make a stand on UK’s ‘Remembrance Sunday’. [Luckily they were stopped](#), and the Queen, and **Prince William, Prince George, Prince Harry** and **Princess Kate Middleton** are safe, and luckily, now the UK are likely to up their terror-threat level, too, protecting their beloved royal family. (emphasis in the original, [Mstarz](#). November 9, 2014)

The media presented the suspects as followers of the Islamic State of Iraq and the Levant (ISIL). According to an unnamed “source”, they were

“plotting to kill Queen Elizabeth II **as an act of support for the Islamic militants and to terrorize the nation**. The threat remains imminent as some Europeans are reportedly joining the terrorist groups and some British citizens are not an exception.” (emphasis added, [Crossmap.com](#), November 10, 214)

“Coming for the British”

Everybody in Great Britain is threatened: first they come for the Queen, then the Royal Family and then they “come for the British”.

The objective of Her Majesty’s government with the support of Britain’s tabloids is to demonize British Muslims and justify a Middle East military agenda. It also purports to creating an atmosphere of generalized fear and intimidation throughout the United Kingdom.

And that Islamist threat, according to the British media, is not only real, it is “evident”:

” For now the British have stopped one threat, but will they be able to **eliminate the evident threat** as quickly as possible, with **tons of others touted as “coming for the British”** in the near future?” (Ibid, emphasis added)
