

# Fundraising for Global Research's Anniversary: 22 Years of Courageous Reporting and Truth-Telling

By [The Global Research Team](#)

Global Research, September 13, 2023

Global Research was born on the same year the US embarked on its Global War on Terrorism. On September 9, 2001, just two days prior to the 9/11 attack, Prof. Michel Chossudovsky established what since has become a lifelong commitment.

Global Research is now 22. As we look back, it appears that “the more things change, the more they stay the same” (Jean-Baptiste Alphonse Karr). In other words, pernicious disinformation and propaganda continue to “poison human minds”.

Are we going to let *them* succeed? What kind of world will our offsprings experience — if we let *them* be?

More than ten years of malign attacks, censorship, and yet we're still here.

Our deepest gratitude to our authors and readers for their unwavering support and trust in our publication and for working with us in their pursuit of truth and justice.

On our 22nd birthday, it is our wish that more people will embrace the truth, and become beacons of hope for the future generations. We can only achieve this with your help.
