Everything that concerns the future is speculation.

But at this point, it is worth mentioning the rumors for the people at large to get a picture what analysts may think could happen.

There is no doubt that the “Deep State” [Secret Services on behalf of Big Finance, IT and Big Energy establishments] is acting through the World Economic Forum (WEF), UN and WHO, as well as the unelected European Council (EC).

None of these entities were ever elected. WEF and the UN political body under Mr. (puppet) Guterres have concluded an illegal cooperation agreement in June 2019 for the execution of Agenda 2030.

The UN has long ceased to be the world's peacemaker and peace mediator that it was once designed for.

Instead, the *Deep State* put their puppets at its head that fully comply with their "agenda" – and that agenda is not for the good of the people, rather the contrary.

A few days ago, Mr. Tedros, WHO's Director General, – never freely elected, but appointed with the money power of the Bill Gates Foundation – declared a worldwide health emergency.

In the WHO protocol jargon, it is called "**Public Health Emergency of International Concern**" (PHEIC), [for the alleged outbreak of Monkeypox](#), now called for a strange "non-discriminatory" reason "Mpox".

The outbreak they say, happened in Congo – a country rich in rare earths, gold, and many more valuable minerals. According to WHO Director General Tedros (August 9, 2024)

"Since the beginning of this year, the Democratic Republic of the Congo has been experiencing a severe outbreak of Mpox, with more than 14 000 reported cases and 511 deaths. In the past month, about 50 confirmed and more suspected cases have been reported in four countries neighbouring the DRC"

Some not-yet bought medical experts, say it is a milder form than the original monkeypox. This is less than nothing, compared with the annual infection of flu; between 40 and 60 million per year in the US alone.

It should be noted that these so-called “confirmed cases” in the Congo are the result of the polymerase chain reaction test applied to the mpox (PCR test) which does not detect the virus.

So, why the **PHEIC**?

In the **first place**, to scare people around the globe;

second, to see how far WHO can go imposing its tyranny because the so-called Pandemic Treaty that would give it universal dictatorial powers had not been approved at the May 2024 World Health Assembly (WHA).

No worries, though, they will not give up. Many activities in the direction of WHO-tyranny are planned for the upcoming UN General Assembly (GA);

and *third*, with the PHEIC in place, they can call for lockdowns, mask-wearing, vaxx mandates — the killer mandates.

Not to forget, ALL vaxxes, called by the pharma industries “vaccinations”, are based now and in the future on the mRNA-technology, of which we know after covid, is disastrous and a killer injection.

It serves, as during the covid trial, to further decimate the world population. Advances in the criminal attempts to reduce world population are not progressing fast enough, so they must invent more and more plandemics, therefore, vaxx mandates — it is said they will be NATO-imposed. NATO will see to it that nobody escapes.

Where would they go anyway? All the 194 countries were co-opted, pressured, blackmailed, and even threatened. What the latter means, we have seen during covid, when several heads of state refusing the covid mandate, mostly in Africa, died under unusual circumstances,

Was Kary Mullis, the inventor of the polymerase chain reaction technique (PCR) — the test that allowed the plandemic to flourish — and who shared the 1993 Nobel Prize in Chemistry with Michael Smith.

Kary Mullis died mysteriously on August 7, 2019, just a few months before the Covid-19 plandemic hit the world at midnight of 31 December 2019 - the opening of Agenda 2030?

Dr. Mullis said from the beginning that the PCR does not detect any disease.

Despite the worldwide known evidence that the PCR test does not detect any illness, it is currently being used again to determine the presence of Mpox in people.

Dr. Mullis's outspokenness about the PCR, what it does and does not do - may have cost him his life.

The late Dr. Kary Mullis. His Legacy will Prevail.

Video **"This is how they WILL CONTROL all of us!". Pandemic 2.0 plans emerge**

(Redacted - 19 min video, 17 August 2024)

Despite the worldwide known evidence that the PCR test does not detect any illness, it is currently being used again to determine the presence of Mpox in people.

Mpox in the Congo. Why? Under lockdown, and with NATO at the helm, exploitation in the Congo of rare earths and other minerals could start right away.

Of course, as we are speculating, they - the Deep State & Co. - are also speculating. Their gamble is that much of the population will go along again. While, We, the People, are gambling and hoping that enough people, medical doctors, health institutions, have now seen the light, and will no longer participate in this crime on humanity for a second time.

So, they have a fallback position. Chaos, Civil War - havoc, starting perhaps in Africa, but more likely, in one of the Western countries, the US, Europe - we are speculating. Or maybe not so much. The film "Civil War" was made outside of Hollywood, starting in 2022 in Atlanta and later it was completed in London. In April 2024, "Civil War" was released, worldwide. Except in China, it came to the movie theatres only in June 2024.

Could one call "Civil War" predictive planning?

There is also this obscure "training module" by the CIA - which is directed at medical doctors, attorneys, businessmen, teachers, company executive. These professionals are going to be recruited as social crusaders for the political group the CIA is promoting with the purpose of toppling the [US] government.

The same or similar could of course happen in Europe. It is well under way, by other means, by the introduction of digital vaxx certificates. Starting in September 2024, the digital certificate will be piloted in five selected EU countries, *Latvia, Greece, Belgium, Germany,*

and Portugal.

See [this](#).

INTRODUCING THE EUROPEAN VACCINATION CARD

One key tool that EUVABECO will introduce is the European Vaccination Card (EVC).^[4] Scheduled for launch in September 2024, the EVC will initially be piloted in five pilot countries: Latvia, Greece, Belgium, Germany, and Portugal. The card aims to empower individuals by consolidating all their vaccination data in one easily accessible location. It will be available in various formats, including [printed cards](#), [mailed copies](#), and [digital versions for smartphones](#).^[5]

True or false?

We can wishfully speculate that it is sheer fear-mongering and will not happen because resistance is too high.

But looking closer at the “pilot” countries, you will see that all of them have records of extreme obedience, from Portugal to Germany, and all in between. If the trial results are positive, one may expect the exercise being expanded throughout the rest of Europe and soon to the US and to what we still call the “global west”.

The fake Mpox pandemic would be ideal to “test” the case, forced vaxx mandates – and that with the help of NATO, as has been said on many occasions.

NATO has grown from a Western defense force in 1949, to one of the most ardent aggressor worldwide – and now as an enforcer of vaxx mandates — which crones its killer role in assisting genociding large segments of the world population, if not by war, then by vaxxes.

It would be one way of reaching total control, without using as a first step a digital monetary system. Digital is advancing fast, but resistance is also growing.

Forced vaxxination for a “virus” – probably no virus – that causes not even a deadly disease, but is less harmful than the common flu, means clearly the vaccination is a death sentence

for all those who receive it, or are forced to receive it.

It is playing into the Number One Goal of the Great Reset / UN Agenda 2030 - DEPOPULATION. The profits for the pharma industry that will accrue in parallel, are of course welcome. But they are NOT priority number one.

The EU vaxx certificate control is more effective than all-digital money. It goes to the heart of the matter, namely life and death.
