*A GP with an unblemished career has been suspended for six months over ‘vitriolic’ comments she made about Covid and vaccines.*

Londonderry-based Dr Mary McCloskey claimed the pandemic was a ‘figment’ of the media and the Government and that jabs don’t work and were killing people.

She also claimed tests and face masks were being used as a psychological weapons to spread fear and experts were ‘laughing’ at the public via how they named variants of the virus.

In one of her most inflammatory statements on Covid vaccines, she claimed parents were being ‘told to line up our children to get something that might kill them, to protect them from something that can’t kill them’.

Dr McCloskey, who also goes by her middle name Anne, made the comments in a series of videos uploaded online between August and November 2021.

A Medical Practitioners Tribunal Service (MPTS) hearing held late last month heard how, in a video on August 21, she claimed the dangers of the pandemic had been invented and promoted to the public.

‘This whole hype has largely been a figment of the media and the government and their lying scientific advisers’ deceptions,’ she said.

In another she claimed Covid vaccines weren't being used to protect people's health but instead harm them.

'Let people see that these injections are killing people; they are harming people; they are not preventing sickness and they are not about health,' she said.

The 66-year-old also claimed people who received Covid jabs had done so under duress being 'coerced, bribed or bullied' to have the injection.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project "destroys people's lives". He provides a comprehensive analysis of everything you need to know about the "pandemic" — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*"My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the "deadly" COVID-19 "vaccine". This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument."*

Reviews

*This is an in-depth resource of great interest if it is the wider perspective you are motivated*

*to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon*

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia*

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden "plandemic"; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig*

*Professor Chossudovsky exposes the truth that "there is no causal relationship between the virus and economic variables." In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac*

*A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin*
