

Genesis of Current Mass Shootings, Blasts and Suicide Bombings

They're coming in rapid fashion - in late June/early July alone:

- Istanbul blasts inflicting mass casualties;
- Dhaka, Bangladesh shootings and hostage takings;
- slaughter in Baghdad, killing over 200 and wounding hundreds more - the latest of numerous violent incidents since GW Bush's 2003 naked aggression; and
- on America's Independence Day, an apparent suicide bombing meters from its Jeddah, Saudi Arabia consulate, followed by multiple blasts rocking the area.

Whether these and similar attacks are terrorism, false flags, lone wolf incidents or something else requires understanding how they began in the first place.

In his memoirs, titled "From the Shadows," former CIA director/defense secretary Robert Gates said US intelligence operatives began aiding Mujahadeen fighters in Afghanistan six months before Soviet Russia invaded.

Former Carter administration national security advisor Zbigniew Brzezinski explained, saying Jimmy Carter, on Independence Day eve (July 3, 1979), "signed the the first directive for secret aid to the opponents of the pro-Soviet regime in Kabul."

And that very day, I wrote a note to the president in which I explained to him that in my opinion this aid was going to induce a Soviet military intervention.

Mujahadeen support led to today's Taliban, Al Qaeda, the Libya Islamic Fighting Group (LIFG), ISIS, Jabhat al Nusra, Jaysh al-Islam, Ahrar ash-Sham, Boko Haram, and other jihadist groups - US created and sponsored or offshoots from them.

Bipartisan US imperial policy bears full responsibility for unleashing a scourge of state-sponsored terrorism in the Middle East, Central Asia, Africa, Europe and America.

Brzezinski was unapologetic, asking "(w)hat is more important to the history of the world? The Taliban or the collapse of the Soviet empire? Some stirred-up Muslims or the liberation of Central Europe and the end of the cold war?"

He failed to explain America needs enemies to advance his imperium. Communism was its bogeyman earlier, public enemy number one until Soviet Russia's 1991 dissolution.

Now it's radical Muslims, Islam vilified in the process – directly or by implication, America raping and destroying one Islamic country after another.

Muslims most often are used as convenient US or other Western state-sponsored false flag attack patsies.

Yet as [James Petras](#) explains, “(o)ver the past fifty plus years, over 125 mass shootings/massacres have occurred within the United States but not one perpetrator has been identified as a trained member of an international Islamist terrorist organization.”

In contrast, America “brutalized and, directly or indirectly, massacred millions of Muslim civilians, citizens of once-sovereign nations, throughout the Middle East, South Asia, and North Africa,” – unprecedented lawlessness continuing unabated, millions more lives at risk.

State-sponsored terror threatens world peace, America its lead perpetrator, waging war on humanity at home and abroad. Its rage for dominance created societies unfit to live in, imperiling life on earth.

Imperial madness threatens everyone, endless wars and headline-making violent incidents reminders of what's at stake.
