[Global Research Wants to Hear From You!](#)

*As mRNA jabs [kill and maim](#)(1) more and more people, the next (already announced) plandemic, “Disease X”, is looming around the corner. And yet, as explained by **Prof Michel Chossudovsky**,*

*“There is no such thing as **“Disease X”**. It’s a hypothetical construct by a WHO expert committee (2017-2018) of virologists and disease analysts. It was then envisaged in the **Clade X Simulation** (May 2018) and **Event 201 Simulation of a Pandemic** (October 2019). Both events were held under the auspices of the John Hopkins Center for Health Security with the support of the Gates Foundation.”(2)*

The complicit mainstream Establishment continues to deny and negate the unfolding and catastrophic COVID injection mortalities and morbidities, even as Dr. McCullough has publicly characterized the COVID jab roll-out as [“mass negligent homicide”](#) and **Prof. Rancourt** and colleagues have assessed the global death-toll from COVID **injections to be about [17 million deaths](#)**. Hence, comparisons to nazism are legitimate.

COVID-19 VACCINE-ASSOCIATED MORTALITY IN THE SOUTHERN HEMISPHERE

By
Denis G. Rancourt, Marine Baudin,
Joseph Hickey, Jeremie Mercier

Nazi SS doctors occupied a central role in the death camps. They were the first to decide who would live and who would be granted a temporary reprieve. They killed in the name of “racial hygiene”, they thought it was for the good of the people and the country. They added an illusory “legitimacy” to a mass-murdering project.

Do Western doctors consciously or unconsciously believe that depopulation is necessary and that they are providing a service to humanity, by “killing in the name of healing”?

Do they tacitly accept the notion that [“bad batches”](#)(3) are necessary to thin targeted populations? **Catherine Austin Fitts**, former U.S. Assistant Secretary of Housing and Urban Development for Housing, [has suggested](#) as much.

In an interview with Greg Hunter on USA watchdog.com, Fitts remarks that,

“we were seeing far fewer adverse events in wealthy neighbourhoods as opposed to poor neighbourhoods. There were clearly marked differences in different places.”

What if they (doctors) rationalize that their government and the College of Physicians would not lie to them and that therefore questioning the dogma is dangerous or worse?

Questioning the dogma certainly is dangerous since doctors who do speak out ARE persecuted and DO risk losing their licences. Doctors Trozzi, McCullough, and Jensen are examples of outspoken physicians who have endured seemingly unreasonable persecution from their Medical Associations.

Are doctors falsely conflating job injuries with ‘long COVID’? The error in this logic is

exposed by Prof. DOLORES CAHILL [here](#)(4). Cahill argues that the messenger RNA treatment could induce a “cytokine storm” (antibody dependent reaction/ immuno-priming) once the patient has been exposed to the wild virus, or even a common cold. Such reactions could occur months after the injection, she explains.

Similarly, jab-induced impaired immunity could lead to turbo-cancers, as explained by [Dr. Makis](#).

The late **Dr. Arne Burkhardt** and others have, through autopsies done correctly, proven causality between COVID injections and morbidities and mortalities. See [this](#)(5) and [this](#).(6) But again, these findings are being censored and apparently ignored.

Are medical professionals aware of the COVID injection dangers but choosing to psychologically adapt to their situation as opposed to confronting it? Are they engaging in a Faustian Bargain?

Robert Jay Lifton in *The Nazi Doctors*(7) describes psychological doubling as the means by which Nazi doctors at Auschwitz chose evil:

“Doubling”, argues Lifton, “was the psychological vehicle for the Nazi doctor’s Faustian bargain with the diabolical environment in exchange for his contribution to the killing; he was offered various psychological and material benefits on behalf of privileged adaptation.”

Certainly, doctors and medical professionals are on the front lines of the current global jab genocide, but, as Lifton argues, “Genocidal projects require the active participation of educated professionals – physicians, scientists, engineers, military leaders, lawyers, clergy, university professors and other teachers – who combine to create not only the technology of genocide but much of its ideological rationale , moral climate, and organizational climate.”(8)

So we are all complicit, in varying degrees, when we comply with toxic/genocidal government diktats and mandates.

Totalitarianism and genocide end when we all “step into our sovereignty”, when we all refuse to comply with proven anti-health measures that include the administration of ineffective, proven dangerous mRNA injections.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which we can sustain our fight. —Dr. Emanuel Garcia

In the science-based chapters, Michel traces the false covid pandemic, explaining how the PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.

—Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. –Edward Curtin
