

Global Research: The Power of Research and Analysis to Bring About Far-Reaching Change. We Need Your Support

Global Research, January 04, 2021

For 2021, we encourage our readers to make research a priority and to spread word of their findings to others; to ask questions and not to settle for unsatisfactory answers; to make decisions based on what's proven rather than what's convenient.

To this end, from its inception in 2001, Global Research has established an extensive archive of news articles, in-depth reports and analysis on issues which are barely covered by the mainstream media. We believe in the power of information and analysis to bring about far-reaching change: the more people become aware of the subversive, insidious processes attempting to manipulate the many to benefit the few, the less they can turn a blind eye to the injustice that surrounds us.

If you value the service we provide, we need your support! Running a large scale independent news website is a costly endeavour and we would not be here if it were not for your contributions. We kindly ask you to consider becoming a recurring member or making a donation to keep the Global Research project alive and well in the new year:
