The Health Ministry in Gaza reports that as of the end of July, 2024, more than 39,000 Palestinians, mostly women and children, have been slaughtered in Gaza by the Israeli military using hegemon U.S.A.'s mighty weapons of mass destruction.[1]

A good deal of people in the awakening Global South have learned that those tens of thousands precious Palestinian lives of mostly women and children were ordered taken by the criminally insane Israeli Prime Minister Benjamin Netanyahu.

This week billions of majority Humanity watched on TV or heard of the obnoxious killer Netanyahu being welcomed by the assembled entire U.S. government that provides Israel with the bombs, missiles, guns, planes, tanks, ships, munitions, and diplomatic and military protection that has made the murder of those 39,000 fellow Global South men, women and children possible.[2]

Yes, those 39,000 dead Palestinians are now seen in the ever more sensitive awakening Global South as their fellows, fellows within the nations of the grand Global South of Africa, Asia and the Americas that were once conquered, colonised, enslaved and exploited by racist Europeans, and their overseas offspring.

Global South Lives Matter

Today, Global South lives are still considered less important than the lives of white descendants of the conquering colonialists, who have retained a substantial amount of hegemony over most of the planet largely through powerful international reach media.

This difference in the value and importance of lives is apparent in the Middle East now. For example, the lives of a hundred Israeli hostages certainly are being given much more importance than the lives of 39,000 Arabs and the 90,000 injured, including thousands of amputees, and another thousand buried under the rubble of what was the cities of Gaza.

The CIA overseen Western entertainment/news&information conglomerates [3] emphasise this difference with their coverage of the suffering of the families of the hostages, interviewing the family members at length, while rarely interviewing Arabs, many of whom have lost their entire family, and rarely if ever, mention the thousands of Palestinians, including women and children in Israeli prisons the hostages were taken to exchange with.

Whether watching British BBC, German DW, Tokyo's NHK, French TV, or NBC, CBS, ABC,

FOX, or PBS, the loss of thousands of Palestinian children's lives is only occasionally mentioned within a numerical report of the ever rising statistic of dead Palestinians.

Those of us who get our news from the Internet have been reading for nine months Aljazeera's morning report of another 40 or 60 or 80 Palestinians killed overnight during an Israeli bombing of a school or other structure where hundreds of families made homeless had taken shelter with their children. One receives such horrible news with pathos, but as the killing keeps going on and on and on regardless of all outcries (in this writer's case publishing many articles about it), one fights a feeling of hopelessness frustrated without any way to stave off the horror and pain of the pitiless attacks of tomorrows stretching out into the future seemingly forever.

Netanyahu Before the U.S. Congress Emphasises the Hostages Without Mentioning the 39,000 Massacred Palestinians [2]

The genocidal level of cruelty of the American government is made clear by its having invited this bloody madman, for whom the UN International Criminal Court has asked for his arrest for crimes against humanity.[4]

The Gaza genocide, so proudly ignored in Washington, will cause the citizenry of the nations of the Global South to remember the U.S./NATO deadly destruction of oil rich Iraq and Libya, the latter having had a higher quality of living standard than nine European countries; the grim perishing of a million Syrians at the merciless hands of Islamic terrorist organisations secretly provisioned by CIA arrangements;[5] in Somaliathe never ending regime change war for a warlord regime replacing a popular Islamic courts government; the decades of U.S. led occupation war in Afghanistan; the millions murdered in Vietnam, Laos and Cambodia; the massive bloodshed brought about in Guatemala, El Salvador and Nicaragua, the bombing obliteration of all North Korean cities, and U.S. invasion of the South when the civil war was already over with the North easily prevailing for meeting little opposition; the bombing and invasions of Panama, Dominican Republic, Cuba and Grenada; the ruthless murder of the first President of a free Congo initiating 70 years of hellish civil wars. Not to mention CIA homicidal machinations

overthrowing governments in Iran in 1953 and Chile in 1973.

As people in the Global South learn of monster killer Netanyahu receiving great applause during a special session of the U.S. Congress while the horrific genocide continues in Gaza, one or more other American crimes against the humanity that is the Global South will come to mind.

Global South Lives Will Soon Matter

In our now multi-polar world led by a remarkably productive China, the lives of the majority of humanity in the Global South, (until recently disrespectfully called The 'Third' World or The 'Developing' World, earlier, The 'Underdeveloped' World and still earlier The 'Undeveloped' World), are restored to the level of the ingenious human species they never were otherwise.

It would appear that the so called Caucasian race might be thought to be on the back foot for much considering itself of superior worth.

The lands of the non-White Global South contain the ancient empires of high civilisations of Egypt, China and India, conquered by the more primitive arising empires of the marauding Europeans, whose inhumane racism as practiced for more than five centuries, will become as non-existent as it was before the farm boy soldiers of Portugal, Spain, Holland, France and England, got to bewonder the Taj Mahal, the Great Wall of China, the Temples of Egypt, Aztec Tenochtitlan and other sights of higher civilisations than their own.

But with the ancient non recriminatory attitude inherent in Chinese culture soon to be influencing life throughout the world, peace and reciprocal admiration should replace today's and yesterday's era of confrontation.
