*"All tyranny needs to gain a foothold is for people of good conscience to remain silent."* — **Edmund Burke**

Graeme MacQueen worked hard and effectively for Peace by demolishing the "B Movie" narrative of the 911 false flag. In so-doing, he also destroyed the fake narrative of the War on Terror.

Those of us who profess to support Peace while working or thinking within the framework of imperial war lies are not supporting Peace at all. In so doing, we are cogs in a war machine that has slaughtered millions since the end of WW2, and continues to do so.

MacQueen was instrumental in destroying the foundational myth of the fraudulent "Global War on Terror", cover for global war of imperial conquest, and the on-going slaughter, death, impoverishment, and displacement of multitudes.

Our governments support al Qaeda and ISIS in Syria and beyond. Our governments are bringing us to the precipice of nuclear annihilation. Our governments need to be held to account, and it won't happen if we continue to embrace criminal war lies.

Graeme MacQueen is an example of what we need to do. He embraced Truth for Peace. He

was a “warrior” for Peace.

MacQueen was not silent. His legacy will live on.
