DONETSK – Militias of the self-proclaimed Donetsk People's Republic on Tuesday found burials on the site of Kommunar mine's wood depot, 60 kilometres from Donetsk. "This may be a mass grave. The bodies are to be exhumed. The whole area will be studied. Other burials also have been found," a militia fighter told ITAR-TASS.

Criminal proceedings will be conducted, the DPR prosecutor's office said.

Four bodies have been found. Some of them are beheaded. Two days ago units of Ukraine's National Guard took these positions, militias said.
