*This is an **URGENT message from Robert F. Kennedy Jr.** and his Children's Health Defense (CHD) Team about the World Health Organization's (WHO) impending Power Grab. If we do not intervene and stop it NOW, WHO will take over power and dominion on all matters of health over and above the sovereignty of WHO member states, and over our right to decide over our own body.*

Please sign the petition below.

The World Health Assembly (WSHA) in the week of 21 May 2023 is scheduled to voting on a new set of International Health Regulations (IHR), including an intimately related Pandemic Treaty. If these criminal rules were to be approved; they would abolish some of our basic Human Rights.

These made-to-order rules, would be called "laws", for which there is no legal basis whatsoever. They would allow WHO to impose their health rules over and above every sovereign country, of over their 194 members.

The mega-monsters behind this planned tyranny have the corrupt UN system on their side. WHO and the UN follow the WEF's Great Reset Agenda, *alias* UN Agenda 2030 which pursues identical goals – massive population reduction, the introduction of chipped humans to make them transhumans, also called "cyborgs" and full control of the world and its surviving "cyborgs" under a One World Order (OWO).

A *cyborg* is a human being whose body has been taken over in whole or in part by electromechanical devices.

On population reduction, read and see this (below) which follows the blueprint of the 1972 written “Limits to Growth” by the Club of Rome – which has nothing to do with Rome, and was initiated by Rockefeller — a renown eugenist.

The Club of Rome was created in 1968, by David Rockefeller, Aurelio Peccei, Alexander King, and Co- Presidents: Sandrine Dixson-Declève and Dr. Mamphela Ramphele. The Club of Rome is registered as a tax-free NGO with headquarters in Winterthur, Switzerland.

This article contains a short video by one of the authors of “Limits to Growth”, *Dennis Meadows*. In this 2017 10-min video, *Meadows propagates an inevitable genocide of 86% of the world population, hoping it could be accomplished peacefully under a “benevolent” dictatorship*. See video embedded in the article below.

Please sign the petition highlighted in the CHD message below. Please circulate this memorandum widely. There is no time to lose.

We, the People, must stand up NOW.

In case this Power Grab, the new revised International Health Regulation (IHR) and related “Pandemic Treaty” are accepted within the coming two to three weeks – it needs a two thirds majority of the voting WHA members to be ratified – to save our human rights and to save our rights over our bodies, We, the People, and, We, Representatives of our Nations, have no choice but to EXIT WHO; to EXIT the entire compromised, bought UN system.

From Children’s Health Defense

In the last three years, we’ve witnessed the obliteration of our rights under the guise of safety and public health measures.

During the pandemic, countries around the world utilized governing bodies to impose mandates, enact executive orders and coerce compliance with untested, unsafe experimental mRNA shots. The people were ultimately stripped from their fundamental rights, restricting our ability to travel, seek proper healthcare, or choose alternative methods to maintain health.

All of these tyrannical efforts were orchestrated by the government in concert with Big Tech and Big Pharma and propagated by mainstream media. Now the powers that be want this tyranny to continue — so they’re outsourcing it to a group of unelected bureaucrats to usher in a one-world global government.

Despite catastrophic public health failures during the COVID-19 pandemic, the World Health

Organization (WHO) is preparing amendments to the [International Health Regulations](#) (IHR). These amendments would transfer the management of future pandemics to the WHO Director-General, who can deem a Public Health Emergency of International Concern (PHEIC) at will.

The U.N. is preparing a similar “[Emergency Platform](#)” at this very moment to be a part of this power grab.

The proposed changes to the legally binding IHR would give WHO unprecedented power over national governments to dictate how we live our lives and the choices we will be allowed to make for our health, freedom, and families. We must oppose this coup d’etat against our constitutional republic and preserve our national sovereignty and fundamental rights.

The Great Reset vs. [The Great Freeset](#). Which side of history will you stand on? Will you allow the ushering in of a one-world government to undermine the powers of sovereign nations and our individual rights, or will you defend your rights and choose freedom?

Here are three things you can do to take part in #TheGreatFreeset

1. [Sign the Health Freedom Bill of Rights](#) to let the WHO and the U.N. know that we are paying attention and will not comply with this consolidation of power at the hands of unelected global leaders.
2. Help us send a simultaneous global message! [Share this video](#) on all your social media channels tonight, Friday, May 5, at 7:00 p.m. Eastern.
3. Even though, the date may have past, it is never too late to share this important message. Becoming aware of its contents and standing up against it in unison, may indeed make a difference between life and death.
4. Stay tuned for action alerts and [share our campaign](#) to help spread mass awareness of this threat of tyranny that will usher in a one-world government. There is strength in numbers. Please share this campaign far and wide!

It is critical that we act now to protect our nations from these global power grabs. Join us in finding a new way forward!

In solidarity,

The Team at Children’s Health Defense
