Current National Security Adviser Herbert Raymond "H. R." McMaster is manipulating intelligence reports given to President Donald Trump, Cernovich Media can now report. McMaster is plotting how to sell a massive ground war in Syria to President Trump with the help of former CIA director and [convicted David Petraeus](#), who mishandled classified information.

As NSA, McMaster's job is to synthesize intelligence reports from all other agencies. President Trump is being given an inaccurate picture of the situation in Syria, as McMaster is seeking to involve the U.S. in a full scale war in Syria.

The McMaster-Petraeus plan calls for 150,000 American ground troops in Syria.

Many special operations veterans including General Joseph Votel have raised serious concerns about McMaster's plans for Syria.

Sources also suggest that McMaster is sharing classified information with Petraeus, whose security clearance was revoked.

Petraeus' influence in the NSC remains strong.

[McMaster was called Petraeus' golden child by some commenters](#), noting the strong influence Petraeus had over McMaster. Petraeus was considered for the position of NSA, but withdrew his name from consideration once McMaster's name was included on the short-list. McMaster's appointment allowed Petraeus to maintain control over the NSC without bringing his considerable baggage to the position.

[Derek Harvey, the top Middle East adviser in the NSC](#), has close ties with Petraeus and is close with McMaster. (Harvey reportedly faces a massive EEO complaint from subordinates, although that investigation remains open.)

Harvey and McMaster have been trying to subvert Joint Chiefs Chairman General Joseph Dunford and Secretary of Defense James Mattis. Mattis and Dunford support working with our allies in the fight against ISIS. Harvey and McMaster are advocating for a massive American-only ground force.

Two men were standing in between another U.S.-led war in the Middle East—General Mike Flynn and Steve Bannon.

Flynn was removed after Susan Rice unmasked classified information concerning him. Bannon's role within the White House was weakened by McMaster, who demanded Bannon be removed from his advisory position at NSC.

McMaster's friends in the media, as part of a broader strategy to increase McMaster's power, have claimed Jared Kushner and Bannon had a major falling out. In fact Kushner and Bannon are united in their opposition to McMaster's plan.

If McMaster and Petraeus have their way, America will find itself in another massive war in the Middle East.
