Court testimony reveals that Canada's top health expert did not recommend a vaccine be a requirement before boarding a bus, train or plane. Even worse, the human trial for the Covid vaccine is now underway and millions of Canadians are part of the experiment.

It's an astounding revelation, according to lawyer Keith Wilson, who is representing former Newfoundland Premier Brian Peckford's lawsuit against the federal government for what they describe as the most far-reaching breach of charter rights in Canadian history. It prevented six million people's right to freedom of movement because of a ban against unvaccinated people from travelling on buses, trains and planes.

Wilson also recalled his cross-examination of Dr. Celia Lourenco, director general for Health Canada that approves vaccines. She argued that the vaccination approval process changed for the Covid vaccines. Until Covid, all vaccines were approved following animal trials and two human trial phases. But for the Covid vaccine, the human trials were skipped.

Dr. Lourenco confirmed under oath that the human trial is going on right now as data is being compiled with the general population and Canadians were not told of the risks, Wilson said. "That was a big one for us to get her to confirm that this is a huge experiment that's going on."

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
