*Today, October 20, 2016, is the fifth anniversary of the murder of Muammar Gaddafi by forces organized and unleashed by US President Obama and Secretary of State Hillary Clinton. Remember the killer bitch's performance, with gleeful laughter, on CBS "News": "We came, we saw, he died."*

*Muammar Gaddafi was the most progressive political leader in the world. Gaddafi used Libya's oil wealth for the benefit of the Libyan people.*

*He lived in a tent, a nice tent, but not in a palace, and he did not have collections of European exotic cars or any of the other paraphernalia associated with the ruling families in Saudi Arabia and the oil emirates that are Washington's Middle Eastern allies.*

[In Libya, education, medical treatment, and electricity were free. Gasoline was practically free](#), selling for 14 US cents per litre. Women who gave birth were supported with cash grants and couples received cash grants upon marriage. Libya's state bank provided loans without interest and provided free startup capital to farmers.

Gaddafi's independence from Washington is what brought him down. Earlier in life Gaddafi's goal was to organize Arabs as a bloc that could withstand Western depredations. Frustrated, he turned to Pan-Africanism and refused to join the US Africa Command. He wanted to introduce a gold-based African currency that would free Africans from American financial hegemony.

Gaddafi had Chinese energy companies developing Libya's energy resources. Washington, already upset with Russian presence in the Mediterranean, was now faced with Chinese presence as well. Washington concluded that Gaddafi was playing ball with the wrong people and that he had to go.

Washington organized mercenaries, termed them "rebels" as in Syria, and sicced them on Libya. When it became clear that Gaddafi's forces would prevail, Washington tricked naive and gullible Russian and Chinese governments and secured a UN no-fly zone over Libya to be enforced by NATO. The express purpose of the no-fly zone was to prevent Gaddafi from attacking civilian targets, which he was not doing. The real reason was to prevent a sovereign state from using its own air space so that the Libyan Air Force could not support

the troops on the ground. Once the gullible Russians and Chinese failed to veto the Security Council's action, the US and NATO themselves violated the resolution by using Western air power to attack Gaddafi's forces, thus throwing the conflict to the CIA-organized mercenaries. Gaddafi was captured and brutally murdered. Ever since, Libya, formerly a prosperous and successful society, has been in chaos, which is where the Obama regime wanted it.

All sorts of lies were told about Gaddafi and Libya, just as lies were told about Saddam Hussein and are told today about Syria and Russia. A British Parliamentary Report concluded unambiguously that the Western peoples were fed lies by their governments in order to gain acceptance for the destruction of Libya, and that [Libya was destroyed because Gaddafi was regarded as an obstacle to Western hegemony.](#)

Note that none of the prostitutes have asked the killer bitch about her guilt under the Nuremberg laws for this war crime prepared on her watch. Note that the oligarchs who own the killer bitch and their press prostitutes intend to make this war criminal the next president of the United States.
