

“Homegrown Terrorists”: New US Draconian Laws Usher in the New World Order

By [Joachim Hagopian](#)

[Police State & Civil Rights](#)

Duhaime's [legal definition of tyranny](#) states: “A form of government other than a monarchy in which the formal written constitution is not adhered to and is broken by force of arms by a single person who then undertakes to rule as a monarch and primarily in his personal interests.”

With his unprecedented number of oppressive executive orders bypassing both US Congress and constitutional rule of law, the ex-constitutional lawyer himself President Obama has become a bona fide dictator and traitor exercising tyranny over the people of the United States.

According to McLean and McMillan's *Oxford Concise Dictionary of Politics*, essential features present in tyranny and dictatorship are that “the abuse of the state's coercive force operates in the absence of rule of law” but instead by “rule of the tyrant's arbitrary treatment of citizens if not by outright systematic use of terror.” The latter application using terror against the populace more accurately describes the evolution of US dictatorship from one criminal regime (Bush-Cheney's) to Obama's criminal regime. On marching orders from the globalists, through both the neocons remain in charge.

Clearly mounting evidence blatantly exists in recent years that demonstrate a totalitarian police state power in America. The systematic militarization of [police state USA](#) has used terror to recklessly and maliciously abuse its own citizenry, particularly [those of color](#) in cities across this nation. The soaring rate of militarized police deploying lethal force to willfully murder unarmed Americans, calculatingly cause growing racial tensions and civil unrest with [near complete impunity](#) reflects the growing contempt that agents of US government increasingly harbor against the very citizens they took oaths swearing to protect and serve. This police state phenomenon has unfolded in parallel process with elected government leaders who treasonously plot and destroy America despite taking oaths to both uphold and protect the Constitution and the nation from both foreign and domestic enemies.

While cold-blooded [murder of US citizens](#) is skyrocketing now (over 70 times of other Western nations), federal agencies across the boards not even remotely related to either law enforcement or the military have been buying up billions of rounds of bullets that upon impact tear the human body apart. What does that say about a government that has its [postal service](#), Social Security Administration and Department of Game and Wildlife arming themselves to the hilt with brutally lethal weapons? The answer is pathetically obvious. The federal government has embarked on [waging an all-out war](#) against its own hapless, law abiding citizens.

Clearly [First Amendment rights](#) to peaceful assembly and public protest in this country are also no longer upheld or recognized as rule of law. In recent years the [Occupy Movement](#) and Democratic National Convention protests have been marred by excessive police brutality, bloody street violence and unlawful arrest. In the war against American protesters, police attacking them with the [chemical weapon of tear gas](#) that in any other war is criminally outlawed by international law, is used in the US to systematically silence the people's voice from ever being heard in the wake of totalitarian [oligarchy](#).

[Criminalizing dissent](#) is redefining [homegrown terrorism](#) to include anyone willing to exercise their basic civil liberties guaranteed US citizens under this nation's Constitution that for over two centuries was recognized as the ultimate rule of law in America. But now any Americans daring to even criticize and object to the federal government's growing tyranny is conveniently labeled a belligerent and enemy of the state subject to assassination or [indefinite imprisonment](#) led by a dictator president who matter-of-factly proclaims his despotic right to [kill fellow Americans on US soil](#).

Early on in this twenty-first century we've observed the [neocons' "Pearl Harbor-like event"](#) in their [9/11 inside job](#) needed to justify their forever war on terror, making a war of terror on the entire world by committing human genocide in the false name of "[global sustainability](#)" and "[CO2 climate change](#)" with the puppet masters' UN Agenda 21. Starting with their imperialistic [war on Islam in the Middle East](#) and Central Asia based on lies of mass deception, the real terrorists are the Empire killing machine that spawned [fake monster mercenary thugs](#) whose [CIA staged savagery](#) is showcased weekly on youtube's video parade.

After more than a dozen years of raging bloody counterinsurgency wars against darker-skinned people abroad, the US Empire has come home to treasonously roost, now in its first phase of war attacking American people. But with [globalization](#) a dominant theme in this age of global tyranny, corrupt governments throughout the [Western world](#) are each passing a plethora of subversive, [draconian laws](#) designed to unleash a thunderous wave of oppressive [false imprisonment](#) and citizen murder on a worldwide scale. To the globalists and their long time [eugenics plan to depopulate](#) the earth, 6.5 billion of us "useless eaters" must be assassinated. Enter the hard and fast kill method of World War III created by the neocon propaganda of cold war II, complete with [first strike nuclear intervention](#). Never before in recorded human history has this world been so armed and dangerous, and precariously on the brink of self-annihilation.

As this New World Order noose tightens around our necks, more extreme draconian measures are being propagated by governments on a near weekly basis. Here are a few of the latest obscenities being cranked out by both the US federal government as well as by selected state governments, all designed to place the final nail in the coffin of America as a once great, independent, sovereign democratic republic.

As if the [TPP as NWO's secret blueprint](#) and the NSA's invasive warrantless [massive data collection](#) dossier on every American isn't enough, introduced in June and passed two weeks later is the House of Representatives' H.R. 2596 that morphed on July 7th into the Senate as S. 1705, the [Intelligence Authorization Act for Fiscal Year 2016](#) allocating funding to the likes of the CIA, NSA and FBI to force all internet servers and search engines to report any suspicious "terrorist" activity they may encounter. The language is worded in ambiguously confusing terminology in order to - out of fear and intimidation - purposely manipulate the

likes of Google and Microsoft to over-report as extensions of Big Government. In the unsettling words of activist-writer [Stephen Lendman](#), if this law passes in the Senate, its:

... Vague language makes independent journalists, political, anti-war, and social justice activists, academics and students doing legitimate research, as well as others vulnerable to being called suspected terrorists.

The game is to find any arbitrary excuse to criminalize and institutionalize virtually every American citizen as a potential homegrown terrorist, certifiably mentally ill or otherwise “undesirable” needing to be locked up. A case in point is the out of control weapon of the [psychiatric diagnostic system](#) driven by Big Pharma. The latest DSM has reached the absurdity of labeling anyone concerned about ingesting only healthy food with a [mental disorder](#). Obama has executive orders authorizing those who are [homeless](#), those who have [respiratory illness](#) or those who are diagnosed with mental illness to be summarily rounded up against their will and consent and involuntarily placed in FEMA camp settings.

If people are so easily expendable as designated “useless eaters” deemed of little to no value to society by the elite, then virtually any and all of us in America are susceptible to what apparently awaits us sooner than later - incarceration and/or death. This list of expendables can easily include those with handicapped disabilities, the elderly, the infirm, the chronically unemployed, the indebted, those with criminal records, the welfare poor, the morbidly obese, the list can go on indefinitely until the only population left alive are either the globalists themselves or their subservient lackeys. At any rate, according to the likes of Bill and Ted’s bogus eugenics misadventures, the elite’s objective is to radically cull the human herd down from 7.3 billion to a [mere half billion](#). That’s more than 13 out of 14 of us right now on this earth who are presently in the NWO firing squad crosshairs.

Another draconian template recently came to light when in late July Congress passed a law after a 15 minute “debate” to [revoke US passports](#) of Americans suspected of affiliating or sympathizing with “foreign terrorist organizations.” This passage gives the US Secretary of State power to now take away passports of Americans’ traveling abroad without any explanation, presumption of innocence or due process. The bill passed in the House without even a count but by mere voice approval, ostensibly to hone in on young Americans flying off to foreign lands to join and fight with ISIS. So If John Kerry concludes that your being in a foreign country threatens or compromises national security in any way, real or imagined, you and your passport become null and void, no questions asked. The room for tyrannical abuse here is once again limitless.

Because in recent years hundreds of thousands of US citizens have seen this Orwellian nightmare coming true in America, they’ve been leaving the US in [record number droves](#), many renouncing their citizenship (3000 in 2013). Recognizing so many are escaping the feds’ totalitarian control, the government is now cracking down on “disloyal” expatriates, mandating foreign banks to fully disclose all US citizens’ assets living abroad, and aggressive IRS land grabbing to seize their foreign properties and assets for unpaid back taxes. This latest ploy is any Americans living abroad who owe the [IRS \\$50,000](#) or more in taxes are having their passports pulled and these Americans are being sent home.

And this is only the beginning of the Empire’s militant arm extending across oceans to pluck any American citizen within their globalized target zone to rejoin the captive birdcage locked inside gulag Amerika. Ironically but definitely by globalist design, the US-Mexican border is wide open for ISIS terrorists to invade America along with any criminal elements freely

entering the US but soon all US borders to Americans will likely be indefinitely closed, in effect captivating all US citizens from escaping their government's lethal clutches while trapped inside the US. Something's gone terribly wrong when ex-Homeland Security Chief [Janet Napolitano](#) openly admits terrorists wanting to harm America are arriving because of an unprotected border while law abiding Americans find it increasingly harder to leave the US than ever before.

Speaking of lethal clutches, the state of California is the first state in the US to mandate that all adults in America's most populated state be required [mandatory vaccinations](#) with absolutely no exemptions along with criminal penalties for those non-compliant. This Gestapo-like imposition has already been in the works nationally spearheaded by the [US Public Health Department](#). Of course scientists, whistleblowers and anti-vacciners have been mysteriously murdered and relentlessly harassed for being courageous enough to tell the [sinister truth](#) about the damage that Big Pharma's toxic vaccines around the world have already afflicted on humanity. [Vaccines](#) have been directly linked to spreading the very disease they're supposed to prevent along with a myriad of horrifying conditions most notably autism, permanent brain damage and a host of other severe afflictions frequently enough resulting in death.

Yet this neo-Nazi global vaccine program conveniently paves the way for merging with long planned [microchip implants](#) for every American slated by 2017. And of course this invasive level of extreme central control over the global masses opens up the floodgate to an [NWO Pandora's Box](#) - mind control programming, pre-crime arrests, genetically altered human DNA, electronic pulse weapon victimization, a cashless society where chips are arbitrarily turned off and/or assets seized and the unwanted are unable to feed themselves and systemically are starved to death. But the demonic New World Order must go on!

Speaking of seizing assets, the giant central banks are already [stealing money](#) out of private citizens' accounts with the next massive redistribution of wealth reset button, only instead of tax-funded bail-outs the globalists have already devised economy collapse contingency plans with legislation authorizing banks to bilk billions of [bail-in](#) dollars that's already begun. With a gambling debt of [\\$1.5 quadrillion](#) in global derivatives being racked up by criminal banksters, their latest capital offense crime chapter in grand theft planet is already well underway.

In case you've been asleep all year long, the US military is massively moving record amounts of heavy weaponry and war making materials around North America like there's no tomorrow. Timed with the historic Jade Helm 15 exercise ongoing till September 15th that's supposedly operating in just nine states, actually Jade's been busily going on [in all fifty states](#) the whole year long. Now the Homeland Security [domestic army](#) (the militarized police state merging with the US military) has suddenly erected undisclosed checkpoint inspections all over the country, interfering and limiting the right of Americans to freely travel within the lower 48 contiguous states.

Pervasive conditions identical to prewar Nazi Germany are undisputedly alive and well flashing red alert signals throughout America in 2015. What is increasingly clear is the feds are trying to keep the American public (like always) cluelessly blinded in the dark while preparing for large scale war soon fought on US soil, possibly in reaction to the feds' orchestrated [ISIS invasion](#) and false flag attack(s) and/or potential earthshaking comet and [asteroid collisions](#). The house of cards Western economy has been coordinated to collapse

simultaneously in perfect storm convergence when inevitable catastrophes befall America with NWO vengeance along with their accompanying ripple effects felt around the world. More people are waking up and bracing for what's imminently in store for us during the rest of this tumultuous, earth-changing year.

Another highly revealing, equally disturbing eye opener is news of the Pentagon's recently released [Law of War Manual](#) calling for open season on [journalists as belligerents](#) and enemies of the state. Apparently the US killing machine in its wanton lust for war crime atrocities no longer feels comfortable embedding even the MSM presstitutes for either Jade Helm or future military conflicts around the world. Now journalists are declared the unwanted enemy, particularly those from independent news outlets bent on exposing Empire evildoing.

The 1165-page new laws of war manual give license to kill civilians with no pretense of concern as "collateral damage" anymore. Now they too are the apparent enemy lurking in every country where black ops are fighting, currently active in upwards of [near three quarters](#) of the earth's nations. Human life on this planet in the twenty-first century under the already here and now New World Order is the US military's latest enemy target. After all, we're all casualties in this globalist genocidal war against humanity.

This endgame scenario has actually been a long time coming. The mushrooming of draconian laws in America has been exponentially soaring ever since 9/11. A half dozen years ago a number of states were outlawing private citizens from [collecting rainwater](#) on their own property, or prohibiting them from growing [vegetable gardens](#) on their private land, or [feeding the homeless](#) in public parks. Our freedoms in a controlled fascist police state sponsoring both global and domestic terrorism have been fast drying up over the last fifteen years at unprecedented freefalling speed, paving the way for implementation of the [UN's Agenda 21](#). Surviving humans in America will be herded into six metropolitan camps on each coast leaving America's vast underground resources in between to be mined.

Yet still far too many sheeple sleep in delirium, too busily intoxicated and addicted to their gadget toys that entertain, distract, numb and [dumb down](#) the masses to ever notice the everyday signs of the one world government tyranny spearheaded by their own treasonous international crime cabal government. Whether too late or not, it's time for revolution now. The feds' already have a head start with the war they're waging against us well underway. But what they're most terrified of is the sleeping, dumbed down giant of America to finally smarten up and wake up to their diabolical agenda, and fully aware and alert rise up en masse in committed, unified solidarity to actively oppose the elitist death-mongering executioners. We outnumber the demonic sub-human species a thousand to one. While together it's possible that we can beat their odds, divided we're all doomed to unavoidably fall.

Joachim Hagopian is a West Point graduate and former US Army officer. He has written a manuscript based on his unique military experience entitled "Don't Let The Bastards Getcha Down." It examines and focuses on US international relations, leadership and national security issues. After the military, Joachim earned a master's degree in Clinical Psychology and worked as a licensed therapist in the mental health field for more than a quarter century. He now concentrates on his writing and has a blog site at <http://empireexposed.blogspot.com/>. He is also a regular contributor to Global Research.
