Regarding the court case underway in Ottawa against key people involved in the Freedom Convoy, why is the defence team not using the ever-increasing medical evidence that the injections of so-called vaccines were, and are, causing a rate of injuries and deaths that far outweigh any known benefit from the roll-out of the injections?

For example, all populations that have been subjected to the injections have recorded an alarming jump in the death rate that coincided with the start of the injections, and the magnitude of the increase in local populations correlates with the percentage of that population that was injected.

Further, to date, the death rate remains significantly higher than the historical, pre-roll-out death rate. The medical evidence is also showing correlations between the roll-outs and the jumps in such ailments as myocarditis, pericarditis, cancers, disrupted menstruations, miscarriages, and stillbirths.

Given these serious health impacts being caused by the injections, the mandates to coerce injections were an egregious attack on the health, safety, and well-being of all Canadians.

Hence, participants and supporters of the Freedom Convoy were more than justified to strenuously object to mandates which penalized persons who declined to receive the injections. The Freedom Convoy and its organizers deserve to be thanked for their stand against the mandates.

And thank you too to the citizens of Ottawa who were inconvenienced by the Convoy's

efforts on behalf of all Canadians.

The Democracy Fund is crowd-funding the court case.

I call upon every reader of this article to forward it to your loved ones and contact lists, and all of us contact the Democracy Fund with an urgent request that the defence lawyers present the medical evidence to the court in defence of the Freedom Convoy and its organizers.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and

massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden "plandemic"; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that "there is no causal relationship between the virus and economic variables." In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac

A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
