

Independent Media Delivers Truth and Accountability

By [Global Research](#)

Theme: [Media Disinformation](#)

Since September 2001, Global Research has been bringing our readers a broad spectrum of voices analyzing global situations, from military threats against [Russia](#) and [North Korea](#), the humanitarian crisis in [Palestine](#), to the [economic machinations of the financial elite](#). And we will continue to do so because we believe that access to information is the key to the truth. We encourage you to read as much as possible and discuss widely the issues on the table. Challenge yourselves and challenge each other, and in that way we will come to identify the real limits to our freedom and democracy and thereby determine the course of action that is right for us. It is time to seek out the truth and engage in responsible decision-making.

Did you know that thanks to the contributions of our readers, we have been able to maintain complete independence? This means that we do not accept support from any private foundations, which now more than ever are seeking to control and manipulate the alternative news media. Instead, our news coverage comes from a multitude of diverse perspectives to ensure you get the true big picture of what's happening in the world.

Don't let your news be

silenced.
