Featuring Dr. Byram Bridle, Dr. William Makis, Darrell Komick, Dr. Chris Shoemaker, Dr. David Speicher, and Dr. Mark Trozzi addressing journalists’ questions.

The morning after the landmark event “An Injection of Truth” in Calgary, where a delegation of Canadian MDs and scientists presented crucial scientific information, a press conference was held.

This event addressed the alarming 3000% increase in unexplained child deaths in Alberta and aimed to provide essential knowledge to Albertans and the global community.

This knowledge is vital for making informed decisions regarding the modified mRNA C-19 injections, commonly known as Covid-19 vaccines. Here is the video recording of the press conference, featuring myself and other experts.
