*This evening, I am very honoured to be speaking with Dr William Makis – a well-respected and highly-published oncologist, immunologist, radiologist and scientist.*

He has spent his time over the last 3 years obsessively researching the effects of COVID jabs and the jab mandates on doctors; the young, fit and healthy; pregnant women and babies and the general population. What he has found is shocking but not surprising:

- Turbo cancers
- Sudden deaths in otherwise healthy people
- Pregnancy losses and heart attacks and strokes in pregnant women

Join us as we discuss these issues and more.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*
