

Is Washington the Most Corrupt Government in History?

The man who died twice

By [Dr. Paul Craig Roberts](#)

Global Research, November 30, 2017

Region: [USA](#)

Theme: [History](#), [Media Disinformation](#)

***Robert Mueller**, a former director of the FBI who is working as a special prosecutor “investigating” a contrived hoax designed by the military/security complex and the DNC to destroy the Trump presidency, has yet to produce a scrap of evidence that Russiagate is anything but orchestrated fake news. As **William Binney** and other top experts have said, if there is evidence of Russiagate, the NSA would have it. No investigation would be necessary. So where is the evidence?*

It is a revelation of how corrupt Washington is that a fake scandal is being investigated while a real scandal is not. The fake scandal is Trump’s Russiagate. The real scandal is **Hillary Clinton**’s uranium sale to Russia. No evidence for the former exists. [Voluminous evidence](#) for Hillary’s scandal lies in plain view.

Why are the clearly false charges against Trump being investigated and the clearly true charges against Hillary not being investigated? The answer is that Hillary with her hostility toward Russia and her denunciation of Russian President Putin as the “New Hitler” is not a threat to the budget and power of the US military/security complex, while Trump’s aim of normalizing relations with Russia would deprive the military/security complex of the “enemy” it requires to justify its massive budget and power.

Why hasn’t President Trump ordered the Justice Department to investigate Hillary? Is the answer that Trump is afraid the military/security complex will assassinate him? Why hasn’t the Justice Department undertaken the investigation on its own? Is the answer that Trump’s government is allied with his enemies?

How corrupt does Mueller have to be to agree to lead a fake investigation designed to overthrow the democratic election of the President of the United States? Why doesn’t Trump have Mueller and Comey arrested for sedition and conspiring to overthrow the president of the United States?

Why instead is Mueller expanding his investigation beyond his mandate and bringing charges against Manafort and others for decade-old under-reporting of income? Why instead is Congress harassing journalist **Randy Credico** for interviewing **Julian Assange**? How does an interview become part of the House Intelligence (sic) Committee’s investigation into “Russian active measures directed at the 2016 U.S. election?” There were no such active measures, but the uranium sale was real.

Why haven’t the media conglomerates that have produced prostitutes instead of journalists been broken up? Why can prostitutes lie 24/7, but a man can’t make a pass at a woman?

Once you begin asking questions, there is no end of them.

The failure of the US and European media is extreme.

The press never investigates real events. The press never questions inconsistencies in official stories. They never tie together loose ends. They simply read over and over the script handed to them until the official story that controls the explanation is driven into the public's head.

Consider, for example, the [Obama regime's claim](#) to have murdered **Osama bin Laden** in his "compound" in Abbottabad, Pakistan, next to a Pakistani military base. The official story had to be changed several times. The Obama regime claim that Obama and top government officials had watched the raid via cameras on the SEALs' helmets had to be abandoned. There was no reason to withhold the filmed evidence, and of course there was no such evidence, so the initial claim to have watched the killing became a "miscommunication." The staged photo of the top government officials watching the alleged live filming was never explained.

The entire story never made any sense: Osama, unarmed and defended only by his unarmed wife, was murdered in cold blood by a SEAL. What in the world for? Why murder rather than capture the terrorist mastermind from whom endless information could have been gained? Why forgo the political fanfare of parading Osama bin Laden before the world as a captive of the American superpower?

Why were no photographs taken? Why was Osama's body dumped in the ocean. In other words, why was all the evidence destroyed and nothing saved to back up the story?

Why the fake story of Osama being given a sea burial from an aircraft carrier? Why was no media interested that the ship's crew wrote home that no such burial took place?

Why was there no press interest in the fact that the SEAL unit from which the SEALs on the alleged raid on bin Laden's compound were drawn was loaded against regulations in one Vietnam era helicopter and shot down in Afghanistan, with all lives lost? Why was there no press interest in the [parents of the SEALs complaints](#) about inappropriate procedures that cost their sons' lives and about fears expressed to them by sons that something was wrong and they felt endangered? See [this](#) and [this](#).

Did the SEAL unit have to be wiped out, because the members were asking one another, "who was on that raid?" "Were you on the bin Laden raid?" When in fact no one was on the raid.

Why wasn't Congress interested?

Why was the live Pakistani TV interview with an eye witness of the alleged raid on bin Laden's compound not reported in the US media? The witness contradicted every aspect of the official story. And this was immediately after the event. There was no time for anyone to concoct an elaborate counter-story or motive to do so. [Here is the interview](#) and here is a [verified translation](#) that confirms the accuracy of the English subtitles.

Osama bin Laden had been dead for a decade prior to the false claim that Navy SEALs murdered him in Pakistan in May 2011. Here are the [obituaries from December 2001](#) and

this one from [Fox News](#).

Here is bin Laden's [last confirmed interview](#). He says he had nothing to do with 9/11. Why would a terrorist leader who succeed in humiliating "the world's only superpower" fail to boost his movement by claiming credit?

See also [this](#), [this](#), [this](#), [this](#) and [this](#).

Think about this. The bin Laden story, including 9/11, is fake from start to finish, but it is inscribed into encyclopedias, history books, and the public's consciousness.

And this is just one example of the institutionalized mass lies concocted by Washington and the prestitutes that are turned by repetition into truth. Washington's self-serving control over explanations has removed Americans from reality and made them slaves to fake news.

So, how does democracy function when voters have no reliable information and, instead, are led into the agendas of the rulers by orchestrated events and fake news?

Where is there any evidence that the United States is a functioning democracy?
