Below is an excerpt from an article by Frank Bergman:

The vast majority of the Israeli government's official data for Covid mRNA shot side effects has been "lost," according to reports.

Israel's Health Ministry failed to review 82% of reports on side effects from Pfizer's COVID-19 vaccine.

The missing data was revealed in a recent official report.

State Comptroller Matanyahu Englman revealed that **the Israeli Health Ministry received 345,200 reports of adverse events following the administration of the Pfizer mRNA injection.**

However, only 18% of those reports were recorded in the ministry's database.

The other 82% were "lost" due to "technical errors," Times of Israel [reported](#).

"The Health Ministry also failed to process an additional 33,000 reports filed by the public regarding side effects due to limited ability to analyze reports filed anonymously," continued the report.

Another article from [The Times of Israel](#) also reported:

State Comptroller Matanyahu Englman's office released a report Tuesday criticizing the Health Ministry's conduct during the COVID-19 pandemic, revealing that the ministry didn't process or analyze thousands of reports it had received about various vaccine side effects.

In 2021, the Health Ministry received some 345,200 reports on side effects caused by the coronavirus vaccine, sent by hospitals and Health Maintenance Organizations, the Comptroller's Office said, but just 18 percent of reports were accurately recorded in the ministry's database. The other 82% of reports were lost due to technical errors and system malfunctions.

The Health Ministry also failed to process an additional 33,000 reports filed by the

public regarding side effects due to limited ability to analyze reports filed anonymously. Adding to that, a lack of manpower in the ministry's Department of Epidemiology meant that reports that contained identifying details were also unable to be reviewed and investigated.

My Take...

We are watching the cover-up of COVID-19 mRNA Vaccine Injuries by governments around the world, in real time.

Just like when Health Canada recently ordered all unused COVID-19 mRNA Vaccine vials to be destroyed.

Let's look at the cover-up by the Israeli government:

- 345,200 Vaccine Injury reports filed in 2021, 82% lost (283,064)
- additional 33,000 Injury reports from 2021 not analyzed (anonymous)
- 55,000 reports that were analyzed were mild (fever, pain at injection site)
- 200 reports of menstrual changes not investigated promptly
- 275 cases of myocarditis/pericarditis – most victims were hospitalized

- No investigation of sudden or unexplained deaths

- Israel's Health Ministry vehemently denied there was any increase in cardiac arrests.

And this is only the tip of the iceberg.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
