In-depth Report: [PALESTINE](#)

In the month of December 2016 **Staat van Beleg** could list **726 human rights violations** (and **186 reports/analyses**). The highest number we could document so far since the start of Staat van Beleg in July 2015.

## 2016 In Numbers

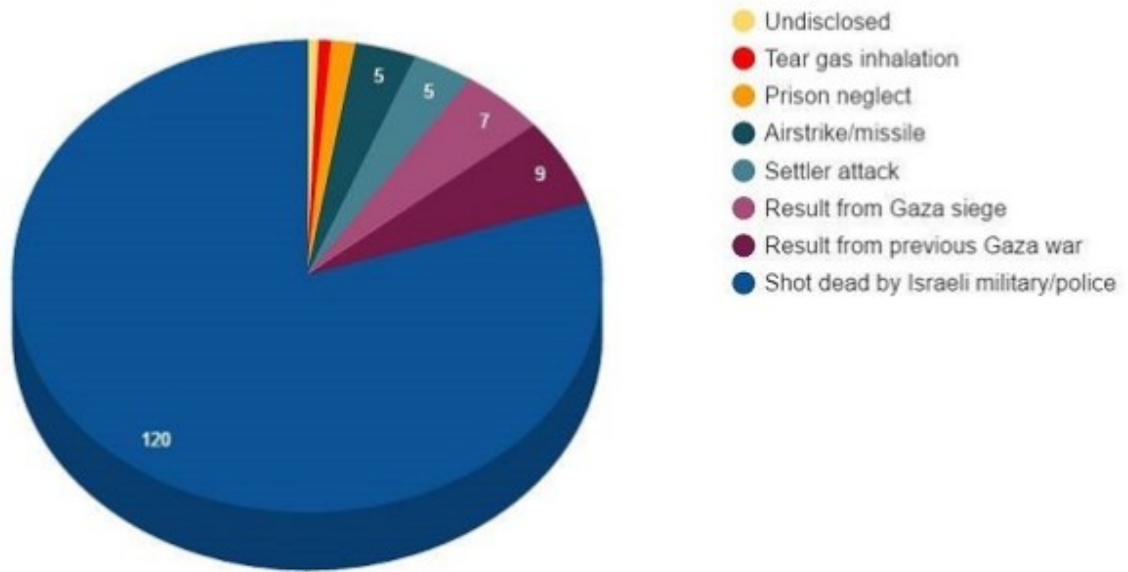

2016 was another difficult year for the Palestinian people. We could document almost **7000 violations (about 18 abuses every single day!)** on the Palestinian people, their land and their properties by Israel. About **150 Palestinians have been killed last year**, ranging from a baby of several months old to a man of 85 years old.

We will show you the numbers through some graphics below.

Israeli violations by category

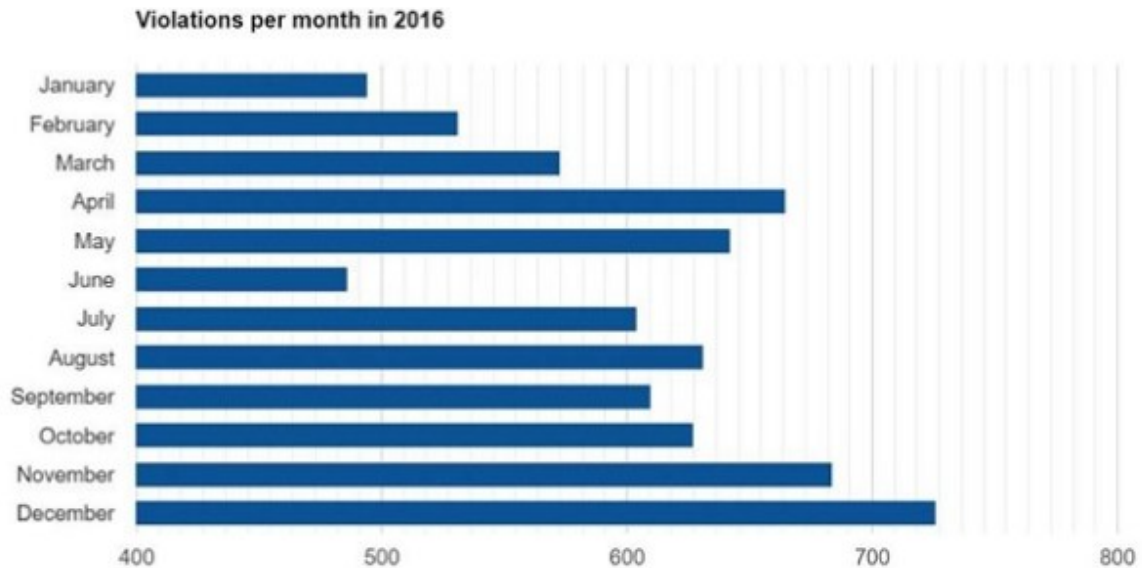

### Cause of death

### Deadly victims by age

We would like to thank you all for taking notice and for following us. We wish you a happy 2017 and let's hope this year will bring the Palestinian people closer to a solution for the cruel and ongoing Israeli occupation. By spreading awareness, documenting violations and by sharing news we can give the Palestinian people our support.
