A Netherlands judge last week [ruled that Bill Gates](#) must face seven people injured by COVID-19 [vaccines](#) in court in the Netherlands.

According to Dutch newspaper [De Telegraaf](#), the seven “corona skeptics” [sued Gates](#) last year, along with former Dutch prime minister and newly appointed [NATO Secretary General Mark Rutte](#), and “several members” of the Dutch government’s COVID-19 “Outbreak Management Team.”

Other defendants include [Albert Bourla, Ph.D.](#), CEO of Pfizer, and the Dutch state.

“Because Bill Gates’ foundation was involved in combating the corona pandemic, he has also been summoned,” De Telegraaf reported.

According to Dutch independent news outlet [Zebra Inspiratie](#), the plaintiffs allege that Gates, through his representatives, deliberately misled them about the safety of the [COVID-19](#) shots, despite knowing “that these injections were [not safe and effective](#).”

Dutch independent journalist Erica Krikke told The Defender that the seven plaintiffs — whose names are redacted in the lawsuit’s publicly available documents — “are ordinary Dutch people, and they have been jabbed and after the jabs they got sick.”

Krikke said that of the seven original plaintiffs, one has since died, leaving the other six plaintiffs to continue the lawsuit.

The lawsuit was filed in the [District Court of Leeuwarden](#). According to De Telegraaf, “Gates had objected because, according to him, the judges did not have jurisdiction.” Accordingly, the court first “had to rule in the so-called incident procedure,” [De Andere Krant](#) reported.

Zebra Inspiratie reported that the hearing in this “[incident procedure](#)” took place on Sept. 18 and that Gates’ representatives disputed jurisdiction, but not the claim.

According to De Andere Krant, Gates was represented by the [Pels Rijcken](#) law firm, based in The Hague, described as “the [largest and the premier litigation law firm](#) in the Netherlands.” Gates did not appear at the Sept. 18 hearing, but attorneys for Gates argued that the court “had no jurisdiction over him because he lives in the United States.”

However, in its [Oct. 16 ruling](#), the Leeuwarden court ruled it does have jurisdiction over Gates. De Andere Krant reported that the court found “sufficient evidence” that the claims against Gates and the other defendants are “connected” and based on the same “complex

of facts.”

Other defendants who reside outside of the Netherlands, including Bourla, did not challenge the court’s jurisdiction.

The court ruled Gates must pay attorneys’ fees and additional legal costs totaling 1,406 euros (approximately \$1,520). A hearing is scheduled for Nov. 27.

‘Even if ... your name is Bill Gates, you still have to go to court’

In remarks shared with De Andere Krant, **Arno van Kessel**, one of the plaintiffs’ attorneys, welcomed the ruling.

“In its verdict, the court has clearly recorded the basis of our conclusions of claim,” van Kessel said.

Dutch attorney **Meike Terhorst** told The Defender it is “quite interesting” that the plaintiffs filed the lawsuit in Leeuwarden instead of The Hague, where normally, all cases against the government related to COVID-19 are filed.

“In general, COVID-19 court cases have been very unsuccessful in the Netherlands,” Terhorst said. “There is a slim chance it will be successful.”

She added:

“I think most judges support the COVID-19 vaccination agenda and will find it hard to believe the vaccinations have caused injuries. So, we have a long way to go, regardless of the case.”

Krikke shared a more optimistic outlook, saying that the court sent a message that “even if you are rich and your name is Bill Gates, you still have to go to court.”

New Zealand-based independent journalist [Penny Marie](#), who has closely followed the proceedings in this case, told The Defender she hopes the Oct. 16 ruling “will hopefully set a precedent and help plaintiffs in similar cases around the world regarding jurisdiction,” in cases “where the defendant does not reside in the country of the plaintiff.”

“For parties who make claims against those involved in the implementation of the [Great Reset](#) and other international actions, such as the COVID-19 emergency response initiated by the WEF [World Economic Forum] and imposed on all U.N. member nations, I hope that this ruling provides an opportunity for others to follow suit,” Marie added.

Father of Vaccine-injured Plaintiff Made ‘Emotional Plea’ to the Court

At the Sept. 18 hearing, plaintiffs also delivered statements. According to [Zebra Inspiratie](#), “One of the victims, who is very ill, was also given the opportunity to make a plea. She was no longer able to speak and was represented by her father. It was an [emotional plea](#).”

Krikke said the plaintiff’s father told the court that his daughter, who was previously healthy, fell ill after getting the COVID-19 vaccine and could no longer speak, telling the judge that he “would really like to speak to Bill Gates directly” to ask him what happened to his

daughter.

“After that, the judge was really quiet,” Krikke said.

The Oct. 18 ruling also addressed the plaintiffs’ claims about [Gates’ role](#) in the WEF’s “[Great Reset](#)” project.

“The Bill & Melinda Gates Foundation is also affiliated with the World Economic Forum ... an international organization whose statutory objective is to unite ‘leaders from business, governments, academia and society at large into a global community committed to improving the state of the world,’” [the ruling](#) states, adding:

“This is a project aimed at the total reorganization of societies in all countries that are members of the United Nations ... as described by [WEF founder and executive chairman [Klaus Schwab](#)] in his book [Covid-19: The Great Reset](#). ...

“Characteristic of this political ideology is that this forced and planned change is presented as justified by pretending that the world is suffering from major crises that can only be solved by centralized, hard [global intervention](#). One of these pretended major crises concerns the Covid-19 pandemic.”

The ruling also states,

“The [Bill & Melinda Gates Foundation](#) is [affiliated with ‘Gavi, the Vaccine Alliance’](#) ... an international partnership in the field of vaccinations between various public and private entities.”

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of people who have no clue. His conclusions are evidenced by renown scientists.

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
