Experts already begin to come forward with revelations that Latest tape just another CIA fake

Spying? Torture? Illegal airstrikes? SHUT UP and hate Bin Laden.

The NeoCon use of Osama Bin Laden as a tool of fear and control is a tried and tested method whenever the going gets tough. It's predictable and it's tiresome, but the masses buy it every time and that's why he has reappeared once again.

Just as the NSA spying tidal wave gathers increasing momentum, as the media demand more answers on rendition and torture and days after the bizarre airstrike on innocent women and children in Pakistan, we all magically get a timely reminder of just why the government is spying on its own citizens and torturing and killing anyone it likes anywhere in the world.

Just like Orwell's ubiquitous [Emmanuel Goldstein](#), Bin Laden always seems to pop up right on cue so we can disengage our minds from reality and join in the [two minutes hate](#).

We are reliably informed by the mainstream media that this is because he is a very clever man and has an impeccable sense of timing. Yet if this is the case, why can he not work out that EVERYTIME he has released a video or a tape it has HELPED Bush and the NeoCon agenda tenfold?

Even the BBC lays this out in the open with the headline [Bin Laden threats may boost Bush:](#)

The commander-in-chief has been under intense pressure in recent weeks, accused of trampling on civil liberties in pursuit of terror suspects. His defence has been that America is a nation at war. So Bin Laden's latest threats to launch new attacks on the US will only serve to underline this argument.

The White House will also cite the tape when trying to convince allies abroad that the use of tough tactics is justified - even when civilians are killed, as in last week's air raid in Pakistan.

That just says it all really.

Bin Laden was created by US intelligence , worked with US intelligence in the late 70s and 80s, was used as a patsy by US intelligence before and after 911 and is now being used as a manipulative tool of fear by the criminal elite faction currently in power in the US.

The last time Bin Laden appeared was October 2004, exactly [three days before](#) the election.

The same headline [“Boost for Bush”](#) appeared and some, including [Walter Conkite](#) went as far as to suggest that the whole thing was manufactured by Karl rove in order to secure the election for Bush.

The Tehran Times suggested that Bin Laden was [“dancing to Bush's tune”](#) and a “premeditated plan devised by Bush administration neoconservatives is unfolding”. The report also noted that the CIA immediately confirmed the tape to be the voice of Bin Laden,

something they had never previously done. They have also done this this time around too.

Bin Laden personally criticized Bush's reaction on the day of 911, a move that undoubtedly instilled a rejuvenated support for the President amongst the American sheeple.

If Bin Laden is so clever and so calculated and determined to justify himself to the American people, why can he not fathom that a personal attack could only ever help Bush? I thought it was common knowledge that you always steer clear of personal attacks in debates and arguments.

Bush immediately took a [six point lead](#) and subsequently won the election.

Of course, we shouldn't find it surprising that Bin Laden consistently helps Bush, after all it was the Bush Administration that [allowed all members of the Bin Laden family to fly out](#) of America immediately after 911 whilst all other air traffic was grounded.

It was Bush himself who signed document [W1991](#), ordering the FBI to back off investigating the Bin Ladens before 911.

It was George W Bush who [went into business with Bin laden's brother](#) in the 1970s.

It is George W Bush's father who is STILL DOING business with the Bin Ladens [via the Carlyle Group](#), an international consulting firm.

FBI Special agent [Robert Wright](#) broke down when testifying that he had been gagged and could not reveal the true extent of what he knew about the Bush-Bin Laden connection and 911. his lawyer stepped up and said live on C-Span that "The Bush Family vacations with the Bin Ladens".

The ties run deep and all lead to [money](#), huge amounts of money. This is how the Bushes do business, this is how they have always done business, they own the [best enemies money can buy](#).

Previous to the 2004 election, Bin Laden surfaced on a video on the eve of the two year anniversary of 911. Once again impeccable timing to deliver a video, given that he was reported to be hiding in the mountains of Pakistan.

However, the video was quickly recognized by experts as simply a [re-hash of old material](#) cobbled together quickly and so amateurish that it could not have fooled anyone.

Previous to the beginning of the Iraq war, Bin Laden appeared in February 2003 on an audio tape that was [touted as proof positive](#) of Al Qaeda links with Saddam Hussein.

In another amazing timing coincidence, the tape came barely a week after Colin Powell's attempts to link Al Qaeda and Saddam in his botched presentation of lies and exaggerations before the UN Security Council.

In an even more bizarre twist, just hours before the tape was found and aired by AlJazeera, Colin Powell announced in the US Senate that a "Bin Laden tape is coming proving Iraq's links with Al-Qaeda."

How does Colin Powell know what AlJazeera are going to broadcast before they do?

The tape voiced support for Iraq, but did not prove any link between al-Qaeda and the Iraqi leadership. It was described as dubious at best and at worst as an outright fake.

Previous to this tape a poor quality release in November 2002, deemed to be completely authentic by US Experts, was determined to be a [total fake](#) by the Dalle Molle Institute for Perceptual Artificial Intelligence in Switzerland.

This time Bin Laden was said to be admitting to recent small scale terror attacks. Yet the voice on the tape was different to around twenty previous recordings of Bin Laden.

And of course, then there is the all time classic Bin Laden video, the number one hit from december 2001. The one we like to call the ["Fat nosed" Bin Laden video.](#)

This one was magically [found in a house](#) in Jalalabad after anti-Taliban forces moved in. It featured a fat Osama laughing and joking about how he'd carried out 9/11. The video was also [mistranslated](#) in order to manipulate viewer opinion and featured "Bin Laden" praising two of the hijackers, only he got their names wrong.

This Osama also uses the wrong hand to write with and wears gold rings, a practice totally in opposition to the Muslim faith.

Despite the fact that the man in the video looks nothing like Bin Laden, the CIA stood by the

video whilst many have declared it an outright fake.

And so we come back to this week's tape, Osama's "latest release". Already experts are coming forward to suggest that yet again this is a fake that has been put out at a very convenient time to divert attention away from important events.

[Professor Bruce Lawrence](#) has described the tape as "like a voice from the grave".

He thinks bin Laden is dead and has doubts about the tape. Lawrence recently analyzed more than 20 complete speeches and interviews of the al Qaida leader for his book. He says the new message is missing several key elements.

We have previously highlighted the evidence to suggest that **[Bin Laden is dead](#)**. More and more experts are now coming forward with the same opinion. Every time a new tape is released it seems to become shorter and more vague as if whoever is making them is running out of material to work with .

If it is conceivable that there is one group of fundamentalist individuals who wish to change the way we live because "they hate our freedom", then it is equally as conceivable that there is another group of richer, more sophisticated fundamentalists that wish to do the same thing themselves and will use the first group as a cover for what they do.

They have groomed Bin Laden for their own ends and will continue to use his image (whether he is dead or not) until they no longer have a cause to, this is simply another example of his usefulness in the fake war on terror.
