The Wuhan lab story is largely a red herring, meant to distract and divert our attention. The great crime consists of the bioweapons disguised as vaccines, coupled with totalitarian anti-constitutional misgovernance flourishing beneath the pretext of “health”.

The virus stories, medical mandates, and fraudulent testing protocols are all intended to lead us to accept and demand that they (our governments) inject us with experimental, proven dangerous, injections. There was no “pandemic”.

In the following video, Sasha Latypova and Wolfgang Wodard deconstruct the “Fifth Generation Warfare”/on-going Psychological Operation, designed to instill unreasonable fear as a foundation for further assaults on our health and freedoms. — Mark Taliano

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
