More fabricated photos (see info-graphic) have been used by al Qaeda groups and western media in the dirty war on Syria, the residents of the town of Madaya have been used as human shields by NATO backed terrorists.

Those same gangs used recycled photos to blame the Syrian Army and Hezbollah of starving civilians these photos are from other years and other places
Several villages are in this stand-off situation, where both sides need to clear the way for aid convoys

Fortunately, on 8 January aid convoys broke through, reaching Madaya.
