Misinformed Westerners are led to believe that their governments support Ukraine. Nothing could be further from the truth.

In fact, the West supports the destruction of Ukraine and its peoples. Amply documented, the West never wanted peace for Ukraine(1). Instead, Western policymakers seek to “fight to the last Ukrainian” in order to bleed Russia. Ukraine and Ukrainians are being sacrificed, not for “democracy and freedom” which are nothing more than war propaganda slogans, but for nazism, for impoverishment, for economic enslavement, and for colonial status. People in what was formerly Eastern Ukraine will be the lucky ones.

If/when the war ends, the remnants of Ukraine will be pillaged. As Prof. Chossudovsky notes in [The NeoCons’ Proxy War “Against Ukraine”: Nuclear War is On the Table. The Privatization of Ukraine](#),

“It is a profit-driven agenda: ‘Destruction’ leads to ‘Reconstruction’. What is at stake is the engineered economic and social destruction of sovereign nation states. The creditors are there to ‘pick up the pieces’ and ‘appropriate real wealth’“(2) The diabolical process is already underway.

The weapons being delivered to Ukraine are not free.

Not only do they extend the duration of a war which Ukraine can not win, not only do they increase the mass slaughter of Ukrainians, but they also increase Ukraine’s fiscal indebtedness for the foreseeable future.

Scott Ritter, in his video "[A Scott Ritter Investigation: Agent Zelensky - Part 2](#)" (3) explains that Washington has a Lend/Lease program with Ukraine, signed in May 2022, that will contribute to a form of debt slavery for (many) years to come.

Additionally, and contrary to the Ukrainian constitution, moratoriums were lifted (a condition of IMF loans) and lands are being privatized by companies such as Cargill and Monsanto.

The privatization of Ukraine's rich farmland will not only undermine Ukraine's food sovereignty, but it will also undermine the European Union's food security.

Reconstruction contracts will also benefit global corporations as they profit from the destruction caused largely by Western warmongering policymakers. BlackRock stands to make huge profits from Ukraine's misery.

So again, if you support Ukraine, you should basically support Russia's conditions: no NATO membership, denazification, demilitarization.

The Western trajectories of weapons deliveries and privatization schemes will do nothing but enslave and destroy what remains of Ukraine.
