*According to **Alexandra Pelosi**, the events at the U.S. Capitol and **the subsequent prosecutions were a marketing gimmick to propagandize the public into believing Trump supporters are dangerous.***

The campaign sought to destroy Donald Trump's chances of ever becoming President again.

In the video, Nancy Pelosi's daughter is seen engaging in conversation with a defendant from the January 6th incident, who she is considering featuring in her documentary about the event.

She discusses the potential political consequences of the January 6th hearings, particularly in relation to the 2022 mid-term elections.

Pelosi is heard saying that interest might wane after the Democrats potentially lose the House and the committee is dissolved.

"After the Democrats lose the House and then they get rid of the committee, people may lose interest," Pelosi declares.

"The first trials are gonna get a lot of attention."

"It's like [an] anniversary; the first one is a big deal."

"No one's gonna care after the Democrats are out of power."

"And then take Biden out of office, then who cares?"

“I know you’re not the bad guys [to the J6 defendant]”

“If it was an insurrection... you were supposed to have a plan”

“You’re going to be able to laugh about this one day.”

Watch how EVIL these people are.

Nancy Pelosi’s daughter continues her discussion by mentioning her acquaintance with Gavin McInnes, who is allegedly a past leader of the Proud Boys. She reveals that they used to socialize together in the past.

Additionally, Alexandra Pelosi has been actively involved in profiting from the events of January 6th.

Besides the political leverage gained by the Democrats from this event, Alexandra Pelosi has been actively promoting her documentary, which focuses on the events labeled as an “insurrection.”

This film has received considerable praise and attention from major media outlets aligned with the Democratic Party.
