*On Tuesday, November 28, 2023, the National Citizens Inquiry (NCI) released the final report of its months-long investigation into Canada's response to COVID-19. This report follows the September 14 release of an interim report focused on the regulatory approval process and safety of COVID-19 vaccines.*

The Report was written by NCI's four independent Commissioners: Chairperson Mr. Ken Drysdale, Ms. Heather DiGregorio, Ms. Janice Kaikkonen and Dr. Bernard Massie. The Report is the culmination of their efforts to:

- listen to the testimony of over 300 witnesses who told the Commissioners and all Canadians what happened to them during the COVID-19 crisis, or shared their expertise on subjects ranging from the economy and education, to mental health and medical science, to media and institutional censorship, to social harms and civic losses—to name just a few.
- learn how Canadians were affected by the policies enacted by governments and other organizations in response to COVID-19.
- recommend ways health and other crises can be better managed in future, to reduce and avoid the many harms that Canadians experienced since COVID-19 began in early 2020.

The Commissioners expressed deep appreciation for the individuals and organizations who courageously came forward to share their experiences, expertise and perspectives, and which led to the report and recommendations now available here.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*

### Reviews

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon*

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia*

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.*

—Peter Koenig

*Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac*

*A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. -Edward Curtin*
