In-depth Report: [NATO'S WAR ON LIBYA](#)

NATO attacks in Libya have escalated to unprecedented levels and mainstream news reports are rife with disinformation. Here's what's been falling through the cracks of corporate media this past week:

“War propaganda has entered a new phase, involving the coordinated action of satellite TV stations. CNN, France24, the BBC and Al Jazeera have become instruments of disinformation used to demonize governments and justify armed aggressions. These practices are illegal under international law and the impunity of the perpetrators must be stopped.”
