*Israel commemorates Yom HaShoah/Holocaust Remembrance Day annually. Vad Vashem is its official holocaust memorial.*

Netanyahu exploited the occasion this year like earlier. He denigrated the memory of millions of Jewish and non-Jewish WW II victims.

He ignored decades of Israeli inflicted genocidal slaughter on defenseless Palestinians. He finds news ways to reveal his hate-mongering/racist/serial lying viciousness.

His serial lying wore thin long ago. “(N)othing is being done” about Iran,” he blustered.

“Appeasing tyrannical regimes will only increase their aggression and is an approach that is liable to drag the world into larger wars.”

Fact: Iran is one of the world’s leading peace and stability proponents.

Fact: It threatens no other nation. It hasn’t attacked another one for centuries.

Fact: Israel wages endless war on defenseless Palestinian men, women and children.

Fact: It murders them in cold blood. It enforces apartheid ruthlessness worse than South Africa’s.

Fact: Partnered with America, it threatens world peace.

Fact: It’s contemptuous of rule of law principles. It mocks democratic values. It’s increasingly despised worldwide.

“Iranian leaders are exporters of death and destruction,” Netanyahu ranted.

“The world is not listening to the calls in Iran urging death to Israel, death to America.”

“The main lesson of the Second World War, for democracies, is that they cannot turn a blind eye to tyrannical regimes.”

Israel is the region’s main threat. It remains unaccountable for decades of high crimes against peace.

It’s a democracy in name only. Jews alone have rights. Arab citizens are considered fifth

column threats.

Netanyahu threatens Jews and non-Jews alike. State terror is official Israeli policy – more than ever under his fascist rule.

He and likeminded lunatics run things. Palestinians are ruthlessly persecuted. Netanyahu invents nonexistent enemies.

He wants Iran eliminated as a regional political and economic rival. He knows its leadership poses no threat to Israel or any other nations.

This year's Remembrance Day theme is: The Anguish of Liberation and the Return to Life: Seventy Years Since the End of WW II.

Never again didn't stop wars. They rage today. US-dominated NATO and Israel bear full responsibility.

This out-of-control monster may destroy life on earth. Their thermonuclear arsenals and long-range delivery capability can strike targets virtually anywhere with pinpoint accuracy – by judgmental error or intent.

Propaganda wars precede hot ones. Netanyahu's maniacal anti-Iranian rants threaten regional peace.

World leaders are “comatose (and) delusional” in the face of today's Nazis, he bellowed.

“Appeasement towards these regimes increases their aggressiveness. If (it isn't) curbed in time, humanity may find itself in far greater wars in the future.”

“(A)head of WW II, the world attempted to appease the Nazis.”

Netanyahu outrageously claimed Iran intends to wreak regional havoc the way Nazis destroyed Europe.

It's hard imagining why anyone takes him seriously. Why Israelis put up with him they'll have to explain.

It bears repeating. Iran is one of the world's leading proponents of peace and stability.

It hasn't attacked another country in centuries. It threatens none now. The whole world knows its nuclear program is peaceful.

America and Israel threaten world peace and stability. Their imperial ambitions may kill us all.
