For 75 years, the United Nations, i.e. the global community, has paid for the care and subsistence of the 700,000 Palestinians (and their descendants) expelled from their homes by the start-up state of Israel in 1948. Instead of the occupiers then footing the bill, the world was forcibly saddled with the liability through a hastily formed, UN Agency, UNRWA. The United Nations Relief and Works Agency for Palestine Refugees in the Near East is a UN agency that supports the relief and human development of Palestinian refugees.

For about a century, the Israeli state has allowed the world to pay for its illegal occupation.

Now is the time for the occupier to take responsibility for its illegal acts and to pay the cost - not the American tax-payer! And now, there are over two million Palestinian refugees in Gaza alone, less those already massacred by Netanyahu's IDF.

And today, the US, Germany and UK, increase their shipments of bombs, missiles, drones and war planes in order to kill hundreds more defenceless Palestinians. It's called democracy!
