PROTEST MANDATORY VACCINATION!!

Saturday, 3rd October 2009 at 12 Noon - Houses of Parliament, Parliament Square Garden, Westminster, London, till about 2pm

Here are the details of our protest against mandatory vaccination (for more details on this issue see further down this page):

The Joint Committee on Vaccination and Immunisation (JCVI) have taken over the control of the UK vaccination schedule and now have the power to bring in new vaccines without government approval even if they haven't been safety tested. Prior to this, all new vaccines would have to pass through parliament and be voted on before they were introduced. Now the government is compelled to agree with anything JCVI say, even if there is no science to back it up.

JCVI are also exploring whether to get a 'guardian of the state' for all unvaccinated children and sue their parents to FORCE them to vaccinate - this means that vegetarians will be forced to take animal products via vaccines, people will be forced to be injected with cancer-causing chemicals and those people who have already had vaccine reactions and disabilities will have their lives put at risk.

They write in their meeting minutes:

'What exactly 'right' meant [under the new NHS constitution] with respect to the right of a child to receive a vaccine when their parents were opposed to vaccination and

* How the constitution affected the recommendations of the JCVI with respect to legal challenge.'" See the meeting minutes here:

Those on the committee are also on the boards of the drug companies who make vaccines and so are profiting from their recommendations.

To safeguard our right to choose the healthcare for ourselves and our children, Vaccination Awareness Network, the advocacy group for parents who don't vaccinate, will be protesting against mandatory vaccination and conflict of interest.

If you are a parent who doesn't vaccinate, if you would like to choose which vaccines you have, if you or a loved one are vaccine injured, please come along and show your support outside the Houses of Parliament, Westminster at 12 noon on Saturday 3rd October 2009.

What you will need:

A banner or poster

Some change for Veggies food

Waterproof coats in case it rains - there is NO undercover shelter

Some people are wearing T shirts with anti swine flu vaccine or other health freedom slogans on them, myself included

Some people have suggested coming dressed as rabbits because the vaccine has not undergone clinical trials (we are the trial) - so fancy dress is permitted and might even be nice for the little ones

Please NO loudspeakers, sound surround systems or big TV's and DO NOT attach anything to the garden unless it can be removed afterwards.

NO alcohol, NO VIOLENCE UNDER ANY CIRCUMSTANCES - remember, there are babies, toddlers, pregnant mothers and disabled people who will be present.

There is no parking on site but there is a car park nearby called Abingdon car park where you can park your car and we will have a steward or two to help you find your way.

We will also have a trained first aider on site in case of a medical need.

Babies and children are welcome.

Please contact Jo on 0870 444 0894 if you require more information.
