The World Health Organization's Dr. Hanna Nohynek testified in court that she advised her government that vaccine passports were not needed but was ignored, despite explaining that the COVID vaccines did not stop virus transmission and the passports gave a false sense of security. The stunning revelations came to light [in a Helsinki courtroom](#) where Finnish citizen Mika Vauhkala is suing after he was denied entry to a café for not having a vaccine passport.

Dr. Nohynek [is chief physician](#) at the Finnish Institute for Health and Welfare and serves as the WHO's chair of Strategic Group of Experts on immunization. Testifying yesterday, she stated that the Finnish Institute for Health knew by the summer of 2021 that the COVID-19 vaccines did not stop virus transmission.

During that same [2021 time period](#), the WHO said it was working to “create an international trusted framework” for safe travel while EU members states began rolling out COVID passports. The [EU Digital COVID Certificate Regulation](#) passed in July 2021 and more than 2.3 billion certificates were later issued. Visitors to France were [banned if they did not have a valid vaccine passport](#) which citizens had to carry to buy food at stores or to use public transport.

But Dr. Nohynek testified yesterday that her institute advised the Finnish government in late 2021 that COVID passports no longer made sense, yet certificates continued to be required. [Finnish journalist Ike Novikoff](#) reported the news yesterday after leaving the Helsinki courtroom where Dr. Nohynek spoke.

Dr. Nohynek’s admission that the government ignored scientific advice to terminate vaccine passports proved shocking as she is widely embraced in global medical circles. The EU’s digital COVID-19 certification helped establish the WHO Global Digital Health Certification Network in July 2023.

“By using European best practices we contribute to digital health standards and interoperability globally—to the benefit of those most in need,” stated one EU official.

Finnish citizen Mika Vauhkala created a [website discussing his case](#) against Finland’s government where he writes that he launched his lawsuit “to defend basic rights” after he was denied breakfast in December 2021 at a Helsinki café because he did not have a COVID passport even though he was healthy.

“The constitution of Finland guarantees that any citizen should not be discriminated against based on health conditions among other things,” [Vauhkala states](#) on his website.

Vauhkala’s lawsuit continued today in Helsinki district court where British cardiologist Dr. Aseem Malhotra will testify that, during the COVID pandemic, some authorities and medical professionals supported unethical, coercive, and misinformed policies such as vaccine mandates and vaccine passports, which undermined informed patient consent and evidence-based medical practice.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.

—Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
