First published March 8, 2024

This appeal calls on the people of Switzerland to demand the Swiss Government to exit the World Health Organization (WHO) - effective immediately.

We, the Swiss, have the Constitutional Right of Initiatives or Referenda. It is high time that We, the People, make use of this opportunity requesting the Swiss Federal Council and Parliament to renounce its membership in the WHO, the organization at the verge of becoming the world's dictator on issues of health, more brutal and radical than humanity has ever known before.

The Covid-mandates imposed by the WHO were just a precursor to what may come.

For the last several years, the WHO was preparing mostly behind closed doors what they call a "Pandemic Treaty", or "Pandemic Agreement", which would become part of the 2005 established and now being drastically revised "International Health Regulations" (IHR). If these two new "rules-based orders" are approved by the World Health Assembly (WHA - 27 May to 1 June 2024 in Geneva), the WHO's health dictate would be above every nation's sovereignty, and would make health self-determination a thing of the past.

If the WHO declares a disease, artificially made or not, as a pandemic, orders would have to be followed. If the WHO decides on general vaccination, orders must be followed.

In Switzerland, such drastic changes to national health legislation would require changes in

the nation's Constitution. According to the very Swiss Constitution, such changes would require approval by the Swiss people by referendum – with good chances of a popular rejection.

To forego a people's vote, the Swiss Government – Federal Council and Parliament – are currently working on advance-amending the national Swiss health legislation, so that it would meet the requirements of a potentially impending WHO *Pandemic Agreement* and the new *IHR*. A Constitutional amendment may then not be necessary, as the new Swiss health standards would blend in with the potentially new WHO dictate.

This is happening semi-clandestinely. Not known to most citizens. Switzerland is supposed to be – constitutionally – a democracy and a country of political neutrality; a country with self-determination and sovereignty in decision making, and where people's voice and active participation counts.

Those were the days.

*

This call also goes to the Swiss Federal Council and Parliament.

Are you not ashamed after the criminal covid and vaxx-fraud you imposed on the very people that pay your salaries and pensions – to betray Us, the People again – with the behind-our-backs anticipatory acceptance of the new WHO oppressive rules?

How is health defined? Under the WHO definition, health includes the “climate change” scam, which is already blamed for causing excess dengue fever in Brazil and malaria in Africa – prompting the WHO and Bill Gates releasing billions of genetically modified (GMO) “vaccinating” mosquitoes. They have so far brought a 400% increase in dengue fever in Brazil, and in Africa, malaria is rampant despite, or because of the GMO-Mosquitos.

Any “climate-related health issues”, defined by the WHO, would also fall under the WHO health tyranny.

*

Over the past three years, how many people have lost loved ones from the toxic covid-injections? Thousand, maybe tens of thousands have died from the vaxxes in Switzerland alone, a multiple of those who died from covid, if counted honestly. We know honesty was and is not part of any official covid narrative.

Worldwide, a conservative figure indicates 17 million deaths resulted from the jab. A more realistic figure may put the death toll in the hundreds of millions; and the worst is still to come, according to Dr. Michael Yeadon, former Vice-President and Chief of Pfizer Research.

This same Federal Council which betrayed the people on covid, is now working secretly on another betrayal, formulating an advanced new Swiss health legislation, that would match WHO's looming *Pandemic Treaty and revised IHR* dictatorship.

So that you know:

At the same time, the Federal Council, through Cantonal Federalism, allows promoting throughout Switzerland, including in schools, the pathological, Soros's funded transgender Woke agenda, giving kids, as little as 11 years of age, the choice to decide over their sex without parental interference.

This agenda is also promoted by the World Economic Forum (WEF), the WHO, and yes, the United Nations - the eugenists. Queers and transgender people cannot procreate.

Also, be aware, any new "vaccination" even those recommended for newborn, will in the future be the mRNA-type, as announced by Pfizer, Bill Gates and the WHO. The mRNA gene-modifying type is known to, at best, reduce the autoimmune system, and produce a spike protein, with one of its characteristics being a fast or slow killer - myocarditis, brain strokes, thrombosis, aggressive turbo-cancers and more.

The mRNA vaxxes are also known to massively reduce fertility in both women and men.

As a reminder, the number one objective of the WEF, WHO, and UN Agenda 2030, we are living today, is a drastic worldwide depopulation, starting with western industrialized nations.

Let us, Swiss, be frontrunners for the rest of the world, standing up with our Constitutional Rights, demanding our government TO EXIT WHO NOW.
