GR Editor’s Note

This incisive list of countries by the late William Blum was first published in 2013.

In relation to recent developments in Ukraine, Latin America and the Middle East, it is worth recalling the history of US sponsored military coups and “soft coups” aka regime changes.

This article reviews the process of overthrowing sovereign governments through military coups, acts of war, support of terrorist organizations, covert ops in support of regime change.

Needless to say, while “US-Gate” is not an issue, this list is nonetheless revealing.

Q: Why will there never be a coup d'état in Washington?

A: Because there's no American embassy there.

Global Research Editor's note: To this list published in February 2013, we must add Ukraine, where Viktor Yanukovich was successfully ousted in February 2014.
