Oct. 4, 2023 - Providence, RI - Paramedic Rocio Mondragon was diagnosed with Stage 2 Breast Cancer Triple Negative which quickly became Stage 4 metastatic to the brain after chemo and radiation (treatment failure).

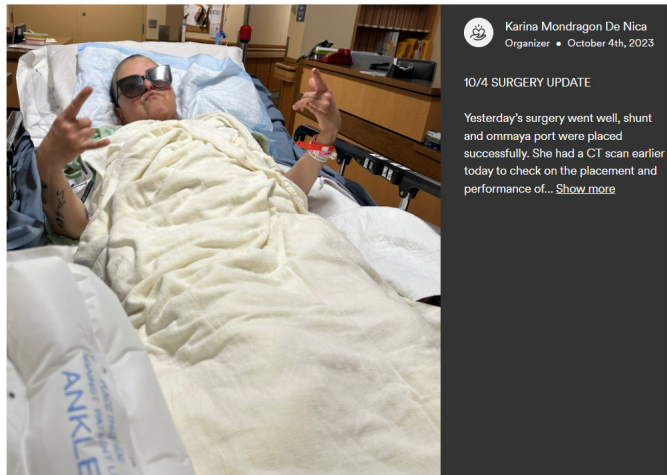

Sometimes Our Heroes Also Need Heroes!

Team fundraiser

Karina Mondragon De Nica and Yasmin Valle are organizing this fundraiser on behalf of Rocio Mondragon.

Hi, my name is Karina and I am fundraising for THE BRAVEST WOMAN I KNOW, my SISTER! Her name is Rocio Mondragon but a lot of you may know her as Rosie. Some of you may know her as the great phlebotomist that she was/is when she started her carrier in the medical field. Some of you may know her from when she used to help treat trauma patients at Houston's Ben Taub Hospital; if you have ever needed to be cared for there, a Level 1 trauma center and the busiest in Houston, you may have been saved by her and her team. Maybe you met her while she saved you or helped you save someone while she was a paramedic at Cypress Creek EMS, now ESD 11 Mobile Healthcare I believe. Or, if you are lucky, you have gotten to work alongside her at Casey Industrial or Total Safety! Why do I mention all of those places, you may ask? Well, those are only some of the places that I can remember where she literally put and continues to put her life on the line to make sure people are safe and people get help when they need it the most. I am not sure she could count the lives she has saved but I hope she gets to count how many of us are willing to help HER this time around. Those of you who know her personally know that she is not one

Sep. 29, 2023 - Calgary, AB - Craig Nichol has been a Paramedic for 10 years. In July 2022 he was diagnosed with Stage 3B Colo-Rectal cancer (Turbo Cancer), by April he had a 10.5 hour surgery to remove as much tumor as possible but his cancer is spreading too rapidly and as of July 2023 he has Stage 4 Colorectal cancer metastatic to liver, peritoneal lesions and lungs.

Craig's Cancer Journey

Heather Rutherford is organizing this fundraiser on behalf of Pam Nichol.

Created September 29th, 2023

Heather Rutherford →

Organizer
Calgary, AB

This GoFundMe is for the Nichol Family, a family that has had the battle of a lifetime over the last couple of years. **Craig is a Paramedic Firefighter who has worked for 10 years in the province of Alberta.** His wife, Pam is a stay-at-home parent with a successful Intuitive Counseling practice, and their kids are Eamon and Emily. Eamon is 15, a passionate goalie in hockey and Emily is 13 and an acrobatic gymnast. They are a family who always try to lend a hand, provide a shoulder to others and Craig can always be counted on for big smile and his inappropriate humor to lighten the mood.

Like many families, they have had struggles. Craig was very busy working through Covid as a first responder. In October 2021 he was diagnosed with PTSD, took some time off work to get the help he needed, then got back to work helping with the tail end of Covid. But as the rest of the world got back to normal, **Craig was diagnosed with stage 3B Colo-Rectal cancer in July of 2022. He was given radiation, chemo and in April of 2023 he had a 10.5-hour surgery to remove the tumor, rectum, create a colostomy, and remove as many of the affected lymph nodes as possible. The family was set to celebrate the end of cancer in their lives and try to get back to normal. However, Craig's post surgery check-up in July gave them the news that his cancer had spread. He is now considered stage 4 with metastatic cancer to the liver, peritoneal lesions and possibly tumors the lungs. The Oncologist believes that Craig has limited time left.** Craig returned to chemo immediately, but the cancer has continued to spread quickly. Craig is giving everything to fight for his life for himself, and his family.

Sep. 19, 2023 - Coryell County, TX - 61 year old Trent Makare was a paramedic. He died suddenly of a heart attack.

6h · 🌐

It is with a heavy heart that I announce the sudden passing of a beloved member of the Coryell Health EMS family, Paramedic Trent Makare. Trent was an exceptional paramedic with a passion for serving and he loved teaching new hires and students. Trent had a heart full of compassion, was never in a room too long without laughing, and he never met a stranger.

Today as we remember Trent, let us also celebrate the life he lived. Let us honor his dedication to saving lives and caring for the communities he served.

“NURSES AGAINST VACCINES ARE LIKE... FIREFIGHTERS AGAINST SMOKE DETECTORS, SPRINKLERS, AND HOSES.”

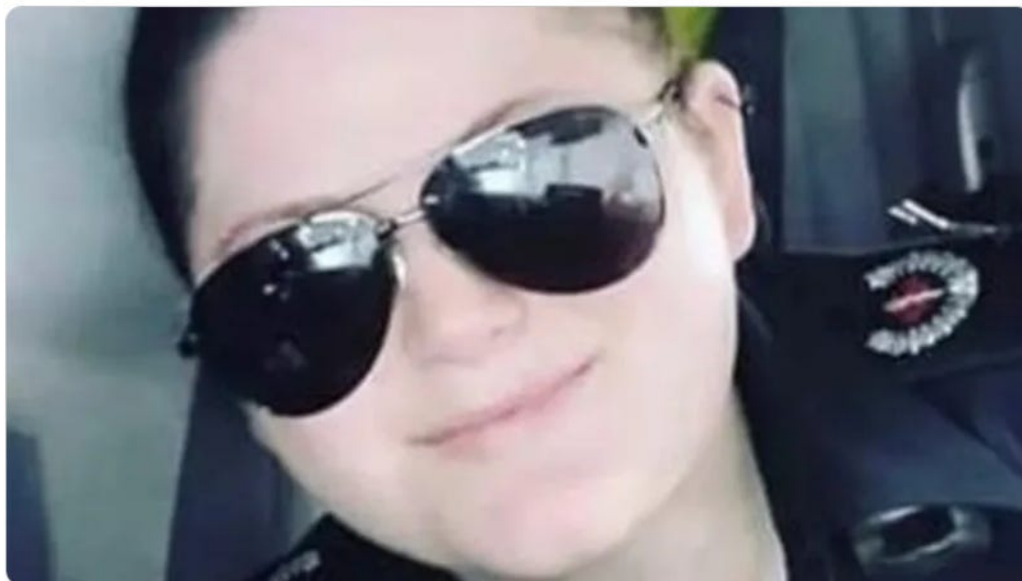

Trent's obituary

Trent Howard Makare, 61, passed away suddenly, from a heart attack, on September 19, 2023.

Trent was a proud first responder, ready to lend a hand and use his skills to serve others. He served on the Taylor Volunteer Fire Department. As a second career, he went back to school and earned a degree as a licensed paramedic. As a paramedic, he served at Scott & White EMS (Round Rock and Temple TX), AMR (Temple TX), and finally at Coryell Health EMS (Coryell County, TX). He loved being able to help patients and sharing his knowledge and skills with aspiring medics.

Sep. 5, 2023 - Bolton, ON - 28 year old Meghan Duca was mandated COVID-19 mRNA Vaccines to keep her job She was just diagnosed with Stage 4 Breast Cancer that spread to her spine.

A paramedic who needs your help to beat cancer.

Hi everyone. My name is Mr. Duca and I am the father of Meghan, one of the most dedicated Paramedics in her field. For the last two years, she was on the road working full-time hours with the addition of overtime during the Covid-19 pandemic helping patients all around the region and being very cautious about not getting the virus. But this past June, she had an accident while trying to extricate a patient out of a residence, injuring her back. The injury was severe and the pain was excruciating to the point another ambulance was required as she was unable to complete the call. For 5 months my daughter was on modified duties at work due to the injury and thought her back pain was related to her injury.

After several CT scans, MRIs, and a Biopsy, the worst nightmare of a parent was confirmed. My 28 yrs daughter was diagnosed with breast cancer stage 4 that spread to her spine. The day before I took her to the hospital she received the best news ever that she finally got her full-time position as a paramedic. However, due to an HR clause in the full-time contract, she is ineligible to use her STD and LTD benefits. But now everything is on standby. She worked so hard to get where she is right now. She was willing to work anywhere to get experience in EMS. She moved from London, Ont. to Clarendville NFLD to work as a paramedic in 2016-2019. In 2020 she got her dream job working as a paramedic in Kitchener/Waterloo/ Cambridge Ont. Her co-workers like her kindness and compassion, easygoing nature always there to support anyone, and never making any judgments about anyone. She is there for all the covid patients, emergency calls, and overtime. It is time to help her now.

News:

Meghan has decided to undergo spinal fusion surgery to help strengthen and correct spinal fractures that have occurred due to bone degeneration from the cancer attacking her spine. for the last 6 or more months she has been in varying degrees of pain due to continued fractures which resulted in lack of ability to keep her neck and head in a proper comfortable position. The surgery is tomorrow September 5th 2023 and is to take 7 hours to complete along with a 1-2 week stay at the hospital, minimum 6 week recovery before a long road full of physiotherapy; all of which she is willing to do to ensure a better quality of life. Once home, she will need different degrees of care as recovery continues, some of which will not be covered through OHIP or benefits, and therefore will be coming out of pocket. Please send positive vibes and good luck her way through a scary and long road ahead!

Aug. 5, 2023 - Fort Erie, Ontario - 64 year old Alan Doneff died unexpectedly after a short battle with cancer.

Alan Brian Doneff

Alan Doneff Obituary

Obituary of Alan Brian Doneff

It is with great sadness we announce the passing of Alan Doneff on August 5, 2023, at Douglas Memorial Hospital, after a [short and very private battle with cancer](#). Cremation has occurred and a celebration of life will be planned down the road.

Born and raised in Fort Erie, Al was a career paramedic and respected leader with Niagara Emergency Medical Services, contributing 38 years of dedicated and compassionate service to the Niagara Region. Through his career, Al took pride in furthering advances in the paramedic program, embracing change and supporting his colleagues. Al was also a long-serving volunteer firefighter with the Fort Erie Fire Department. Beyond his professional endeavours, Al roamed the Canadian prairies as a teenage rock star, took to Lake Erie as a sort-of sailor, formed a one-man motorcycle club, took model rocketry both very seriously but also not-quite-seriously-enough, and found himself (guitar in hand) at the heart of countless parties and bonfires.

July 29, 2023 - Franklin, TX - 52 year old Rene Ferrell, US Air Force Veteran, police officer, firefighter & paramedic died suddenly on July 29, 2023.

Memorial service and celebration of life for Robertson County first responder happening Friday

An online donation site has been set up to help his daughter and granddaughter with expenses.

There will be a memorial service and celebration of life for Rene Ferrell on Friday, Aug. 4 (CHI St. Joseph Health EMS)

By [Megan Calongne](#)

Published: Aug. 1, 2023 at 5:28 PM MDT

FRANKLIN, Texas (KBTX) - Memorial services have been announced for a Robertson County first responder who recently passed away.

Rene Ferrell served his country in the U.S. Air Force and also his community in all aspects of emergency response.

He began his career in public service as a police officer, later serving as Director of Robertson County EMS and a member of several volunteer fire departments. Ferrell came to St. Joseph EMS in 2021 as an Operations Manager.

Rene Ferrell died on Saturday, July 29.

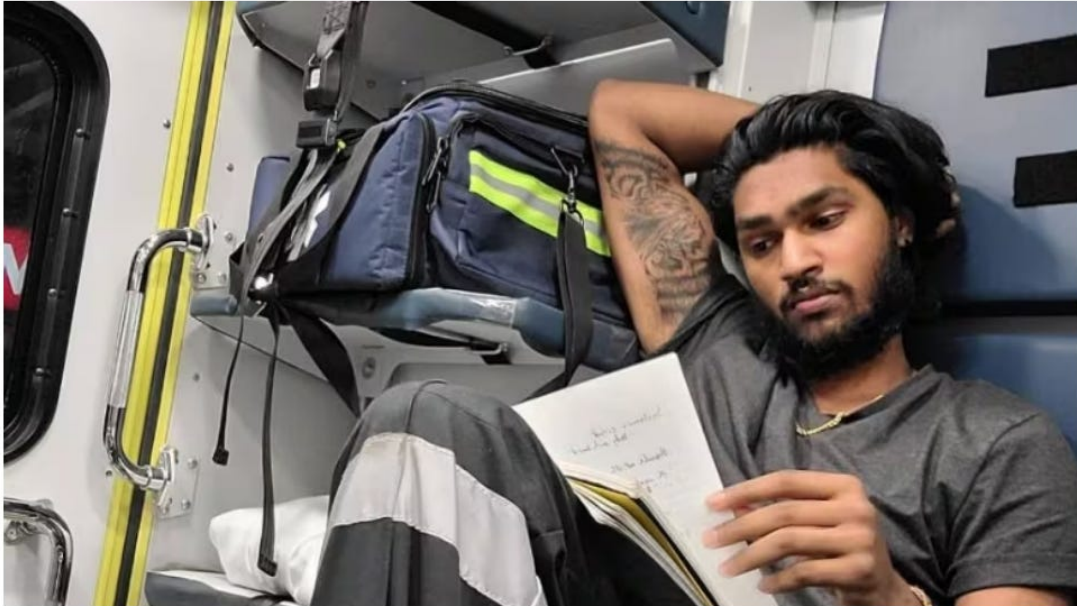

July 5, 2023 - James Bay, ON - 23 year old Arjanan Sivasathiyarajah, a paramedic who started working a few weeks prior in the Kashechewan First Nation, went missing from a boat on the Albany River and his body was recovered on July 5.

Scarborough paramedic who died in northern Ontario remembered as a hero

'He loved his job,' friend says about Arjanan Sivasathiyarajah

CBC News · Posted: Jul 09, 2023 6:43 PM MDT | Last Updated: July 9

Arjanan Sivasathiyarajah would go out of his way to show people he cared about them, a friend told CBC News. Sivasathiyarajah, who was working as a paramedic Kashechewan First Nation, was found dead on Wednesday after going missing from a boat on the Albany River. (Arjanan Sivasathiyarajah/Instagram)

Arjanan Sivasathiyarajah went through a lot of phases — at one point it was fixing cars, at another it was woodworking — but a friend from high school said the one thing the late Scarborough man always wanted to do was be a paramedic.

"He loved his job," Noyala Isidore said. "He loved being that person to give back to the community."

A few weeks ago, Sivasathiyarajah began working as a paramedic with the Weeneebayko Area Health Authority Paramedic Services in Kashechewan First Nation, a community in northern Ontario near James Bay.

Last week, he went missing from a boat on the Albany River.

After a search involving more than a dozen boats, his body was recovered from the river on Wednesday, Kashechewan First Nation Chief Gaius Wesley said on Facebook. Wesley said Sivasathiyarajah is presumed to have drowned.

Sivasathiyarajah made a sacrifice by leaving his family to bring health-care services to the community, Wesley said in a Facebook post on Thursday.

June 27, 2023 – Baton Rouge, LA – 28 year old EMT Kymber Nezat (who was pregnant) and Paramedic Hunter Fruge were involved in a collision with their Ambulance, Kymber died.

Cause of the crash is unknown (For [unknown reasons](#), the Acadian ambulance struck the back of a Nissan Altima, before swerving past the centerline and into the Southbound lane. Subsequently, the ambulance collided head-on with a Coca Cola truck.)

Acadian Ambulance releases statement after deadly crash involving employees, patient

The Louisiana Firemen's Association announced it is hosting a blood drive and plate lunch benefit for the families of Kymber Nezat and Hunter Fruge'. (Acadian Ambulance)

By WAFB Staff

Published: Jun. 30, 2023 at 9:46 AM MDT | Updated: Jun. 30, 2023 at 9:57 AM MDT

BATON ROUGE, La. (WAFB) -The Chairman and CEO of Acadian Ambulance, Richard Zuschlag, released a statement on Friday, June 30 after a deadly crash involving Emergency Medical Responder Kymber Nezat and Paramedic Hunter Fruge'.

Fruge' is currently recovering in the hospital, officials said.

Statement from Chairman and CEO Richard Zuschlag:

On behalf of the entire Acadian Ambulance family, I'd like to express my deepest appreciation and gratitude for the incredible outpouring of support and compassion we've received following the devastating loss of one of our dedicated first responders.

On June 27, 2023, Emergency Medical Responder Kymber Nezat and Paramedic Hunter Fruge' were transporting a patient when their ambulance was involved in a tragic collision. Their patient, Albert Bordelon, was also fatally injured.

The Acadian team expresses our deepest condolences to the Nezat and Bordelon families during this incredibly difficult time. The loss of a loved one is a profound and heart-wrenching experience, and our thoughts are with you as you navigate through your grief.

We are tremendously appreciative that Hunter is recovering from his injuries, and we offer our support to him and his family as he continues to heal.

[June 14, 2023](#) - North Vancouver, BC - 42 year old paramedic Ryan Vena died in his sleep. "The cause of this death is still unknown."

North Vancouver paramedic remembered for volunteer patrols to reverse overdoses in Downtown Eastside

Ryan Vena helped save many lives as he navigated his own recovery from addiction, best friend says

Moira Wyton · CBC News · Posted: Jun 17, 2023 6:16 PM MDT | Last Updated: June 22

Ryan Vena became a paramedic in 2019 to help 'as many people as possible', said his best friend Elijah Blezard. (Facebook)

The 42-year-old with a "larger than life," "out of this world" personality died in his sleep on June 14, just one day before he was supposed to begin a treatment program for PTSD he was suffering due to his work as a paramedic, according to Elijah Blezard, his best friend of 30 years.

The cause of his death is still unknown, Blezard said.

June 8, 2023 - Johns Hopkins - 37 year old Nicholas Nick Dye, EMT, engineer, resident physician, died unexpectedly.

Nicholas Brandon Dye

April 24, 1983 - June 8, 2023

On June 8, 2023, Nicholas (Nick) Dye of Rockville, MD passed unexpectedly. Nick was the cherished son of Earl S Dye III and Cynthia Ann Dye, dear brother of Christopher Dye (Katia Andreassi), and loving uncle of Tessa and Clara Dye. He is also survived by many other loving relatives and friends.

Nick was born April 24, 1983, in Saranac Lake, NY where he enjoyed nine years of childhood, moving with his family to Rockville, MD in 1992. He attended Flower Valley Elementary School, Earl B. Wood Middle School, and Rockville High School, graduating in 2001. After high school, Nick attended the University of Maryland on an academic honors scholarship earning a BS in Biological Resources Engineering. He became a certified Emergency Medical Technician, earned an MS in Applied Biomedical Engineering from Johns Hopkins University and a Doctor of Medicine, magna cum laude from the University of Maryland Medical School. Whether he was working as an EMT, engineer, resident physician, or most recently as a regulatory scientist at the Food and Drug Administration, he was always dedicated to helping other people.

May 13, 2023 - Huntersville, NC - Paramedic Mark Hayes had a "medical emergency" while on duty and died suddenly.

FRIENDS, FAMILY SAY GOODBYE TO PARAMEDIC HUNTERSVILLE, NC

May 18, 2023 at 5:53 pm EDT

HUNTERSVILLE, N.C. — Family and friends said their final goodbyes to paramedic Mark Hayes.

Hayes died Saturday after suffering from a medical emergency while on duty. He had been with MEDIC since 1997 -- a 26-year span.

May 11, 2023 - Toronto, ON - 53 year old paramedic Marc Salmanovitch died suddenly on May 11, 2023.

Marc Salmanovitch

Suddenly, to the inconsolable heartbreak of family and friends in Montreal and Toronto, Marc passed away on Thursday, May 11, 2023 at fifty-three years old. He leaves a legacy of how to live in this world with kindness, humility and honour. Left devastated and grieving is his cherished wife, Lorri, his beloved children, Sam and Sarah. He was a precious son and son-in-law of Gail and the late Barry Salmanovitch, and Sylvia and Brian Eckler. Brother to his adored sister Farla (Chris). Also in mourning are much-loved sisters-in-law, Cheryl Eckler and Nedi Eckler. Marc was a proud uncle of Dean, Hannah, Vanessa, Jesse, Misha, Stephanie (Andrew), Christin (Anthony) and Seraphina (Daniele). His doted on four-footed kids, Java and Ellie, are beside themselves. He will be profoundly missed by his many friends.

*Advanced Care Paramedic
Marc Salmanovitch*

My Take...

Sudden deaths in COVID-19 mRNA Vaccinated professions continue at a record rate.

Vast majority appear to be sudden cardiac arrests or heart attacks, others include:

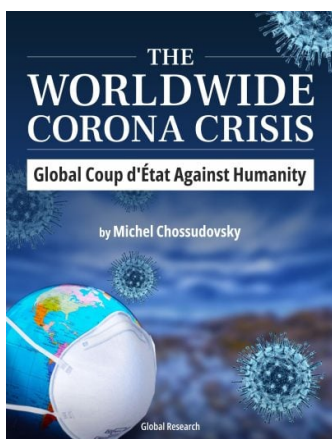

- 4 out of 14 are dealing with Stage 4 Turbo Cancer (one died)
- 1 died in his sleep
- 1 had a medical emergency while on duty and died
- 1 died while taking time off boating on an Ontario River
- 1 died in an unusual ambulance crash (she was pregnant at the time)
- 1 died from complications of childbirth

*

Featured image is from COVID Intel

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying

Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.
—Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. –Edward Curtin
